(4) Records of cases waived under subsection (1)(c) of this section are juvenile records for purposes of expunction under ORS 419A.260 to 419A.271.

SECTION 20. ORS 475.235 is amended to read:

475.235. (1) It is not necessary for the state to negate any exemption or exception in ORS 475.005 to 475.285 and 475.752 to 475.980 in any complaint, information, indictment or other pleading or in any trial, hearing or other proceeding under ORS 475.005 to 475.285 and 475.752 to 475.980. The burden

of proof of any exemption or exception is upon the person claiming it.

(2) In the absence of proof that a person is the duly authorized holder of an appropriate registration or order form issued under ORS 475.005 to 475.285 and 475.752 to 475.980, the person is presumed not to be the holder of the registration or form. The burden of proof is upon the person to rebut the presumption.

(3)(a) When a controlled substance is at issue in a criminal proceeding before a grand jury, at a preliminary hearing, in a proceeding on a district attorney's information[*, during a proceeding on a Class E violation*] or for purposes of an early disposition program, it is prima facie evidence of the identity of the controlled substance if:

(A) A sample of the controlled substance is tested using a presumptive test for controlled substances;

(B) The test is conducted by a law enforcement officer trained to use the test or by a forensic scientist; and

(C) The test is positive for the particular controlled substance.

(b) When the identity of a controlled substance is established using a presumptive test for purposes of a criminal proceeding before a grand jury, a preliminary hearing, a proceeding on a district attorney's information or an early disposition program, the defendant, upon notice to the district attorney, may request that the controlled substance be sent to a state police forensic laboratory for analysis. [*The defendant may not make a request under this paragraph concerning a controlled substance at issue in a proceeding on a Class E violation.*]

(4) Notwithstanding any other provision of law, in all prosecutions in which an analysis of a controlled substance or sample was conducted, a certified copy of the analytical report signed by the director of a state police forensic laboratory or the analyst or forensic scientist conducting the analysis shall be admitted as prima facie evidence of the results of the analytical findings unless the defendant has provided notice of an objection in accordance with subsection (5) of this section.

(5) If the defendant intends to object at trial to the admission of a certified copy of an analytical report as provided in subsection (4) of this section, not less than 15 days prior to trial the defendant shall file written notice of the objection with the court and serve a copy on the district attorney.

(2) Except as provided in ORS 342.143 (3) or 342.175 (3), a licensing board, commission or agency may not deny, suspend or revoke an occupational or professional license solely for the reason that the applicant or licensee has been convicted of a crime, but it may consider the relationship of the facts which support the conviction and all intervening circumstances to the specific occupational or professional standards in determining the fitness of the person to receive or hold the license. [*There is a rebuttable presumption as to each individual applicant or licensee that an existing or prior conviction for conduct that has been classified or reclassified as a Class E violation does not make an applicant for an occupational or professional license or a licensee with an occupational or professional license unfit to receive or hold the license.*]

(3) Except as provided in ORS 342.143 (3) and 342.175 (3), a licensing board, commission or agency may deny an occupational or professional license or impose discipline on a licensee based on conduct that is not undertaken directly in the course of the licensed activity, but that is sub-

stantially related to the fitness and ability of the applicant or licensee to engage in the activity for which the license is required. In determining whether the conduct is substantially related to the fitness and ability of the applicant or licensee to engage in the activity for which the license is required, the licensing board, commission or agency shall consider the relationship of the facts with respect to the conduct and all intervening circumstances to the specific occupational or professional standards. [*There is a rebuttable presumption as to each individual applicant or licensee that an existing or prior conviction for conduct that has been classified or reclassified as a Class E violation is not related to the fitness and ability of the applicant or licensee to engage in the activity for which the license is required.*]

(b) If the court imposes the special condition of probation described in this subsection and if at any time during the period of probation the victim moves to a location that causes the probationer to be in violation of the special condition of probation, the court may not require the probationer to change the probationer's residence in order to comply with the special condition of probation.

(4) When a person who is a sex offender is released on probation, the court shall impose as a special condition of probation that the person not reside in any dwelling in which another sex offender who is on probation, parole or post-prison supervision resides, without the approval of the person's supervising parole and probation officer, or in which more than one

other sex offender who is on probation, parole or post-prison supervision resides, without the approval of the director of the probation agency that is supervising the person or of the county manager of the Department of Corrections, or a designee of the director or manager. As soon as practicable, the supervising parole and probation officer of a person subject to the requirements of this subsection shall review the person's living arrangement with the person's sex offender treatment provider to ensure that the arrangement supports the goals of offender rehabilitation and community safety. (C) The person demonstrates to the court by a preponderance of the evidence that imposition of the condition will deprive the person of a residence that would be materially significant in aiding in the rehabilitation of the person or in the success of the probation; or

(D) The person resides in a halfway house. As used in this subparagraph,

"halfway house" means a publicly or privately operated profit or nonprofit residential facility that provides rehabilitative care and treatment for sex offenders.

The supervising officer shall provide a copy of the proposed modification to the district attorney and the probationer, and shall notify the probationer of the right to file an objection and have a hearing as described in subparagraph (A) of this paragraph. The notice requirement may be satisfied by providing the probationer with a copy of a form devel-

oped in accordance with rules adopted under ORS 137.595 (2)(b) that describes the right to a hearing. If the district attorney or probationer:

(A) Files an objection to the proposed modification less than five judicial days after the proposed modification was filed, the court shall schedule a hearing no later than 10 judicial days after the proposed modification was filed, unless the court finds good cause to schedule a hearing at a later time.

(B) Does not file an objection to the proposed modification less than five judicial days after the proposed modification was filed, the proposed modification becomes effective five judicial days after the proposed modification was filed.

SECTION 41. ORS 423.525 is amended to read:

423.525. (1) A county, group of counties or intergovernmental corrections entity shall apply to the Director of the Department of Corrections in a manner and form prescribed by the director for funding made available under ORS 423.500 to 423.560. The application shall include a community corrections plan. The Department of Corrections shall provide consultation and technical assistance to counties to aid in the development and implementation of community corrections plans.

(2)(a) From July 1, 1995, until June 30, 1999, a county, group of counties or intergovernmental corrections entity may make application requesting funding for the construction, acquisition, expansion or remodeling of correctional facilities to serve the county, group of counties or intergovern-

mental corrections entity. The department shall review the application for funding of correctional facilities in accordance with criteria that consider design, cost, capacity, need, operating efficiency and viability based on the county's, group of counties' or intergovernmental corrections entity's ability to provide for ongoing operations.

(b)(A) If the application is approved, the department shall present the application with a request to finance the facility with financing agreements to the State Treasurer and the Director of the Oregon Department of Administrative Services. Except as otherwise provided in subparagraph (B) of this paragraph, upon approval of the request by the State Treasurer and the Director of the Oregon Department of Administrative Services, the facility may be financed with financing agreements, and certificates of participation issued pursuant thereto, as provided in ORS 283.085 to 283.092. All decisions approving or denying applications and requests for financing under this section are final. No such decision is subject to judicial review of any kind.

(B) If requests to finance county correctional facility projects are submitted after February 22, 1996, and the requests have not been approved by the department on the date a session of the Legislative Assembly convenes, the requests are also subject to the approval of the Legislative Assembly.

(c) After approval but prior to the solicitation of bids or proposals for the construction of a project, the county, group of counties or intergovernmental corrections entity and the department shall enter into a written agreement that determines the procedures, and the parties responsible, for the awarding of contracts and the administration of the construction project for the approved correctional facility. If the parties are unable to agree on the terms of the written agreement, the Governor shall decide the terms of the agreement. The Governor's decision is final.

(d) After approval of a construction project, the administration of the project shall be conducted as provided in the agreement required by paragraph (c) of this subsection. The agreement must require at a minimum that the county, group of counties or intergovernmental corrections entity shall

submit to the department any change order or alteration of the design of the project that, singly or in the aggregate, reduces the capacity of the correctional facility or materially changes the services or functions of the project. The change order or alteration is not effective until approved by the department. In reviewing the change order or alteration, the department shall consider whether the implementation of the change order or alteration will have any material adverse impact on the parties to any financing agreements or the holders of any certificates of participation issued to fund county correctional facilities under this section. In making its decision, the department may rely on the opinions of the Department of Justice, bond counsel or professional financial advisers.

(3) Notwithstanding ORS 283.085, for purposes of this section, "financing agreement" means a lease purchase agreement, an installment sale agreement, a loan agreement or any other agreement to finance a correctional facility described in this section, or to refinance a previously executed financing agreement for the financing of a correctional facility. The state is not required to own or operate a correctional facility in order to finance it under ORS 283.085 to 283.092 and this section. The state, an intergovernmental corrections entity, county or group of counties may enter into any agreements, including, but not limited to, leases and subleases, that are reasonably necessary or generally accepted by the financial community for purposes of acquiring or securing financing as authorized by this section. In financing county correctional facilities under this section, "property rights" as used in ORS 283.085 includes leasehold mortgages of the state's rights under leases of correctional facilities from counties.

(4) Notwithstanding any other provision of state law, county charter or ordinance, a county may convey or lease to the State of Oregon, acting by and through the Department of Corrections, title to interests in, or a lease of, any real property, facilities or personal property owned by the county for the purpose of financing the construction, acquisition, expansion or remodeling of a correctional facility. Upon the payment of all principal and inter-

est on, or upon any other satisfaction of, the financing agreement used to finance the construction, acquisition, expansion or remodeling of a correctional facility, the state shall reconvey its interest in, or terminate and surrender its leasehold of, the property or facilities, including the financed construction, acquisition, expansion or remodeling, to the county. In addition to any authority granted by ORS 283.089, for the purposes of obtaining financing, the state may enter into agreements under which the state may grant to trustees or lenders leases, subleases and other security interests in county property conveyed or leased to the state under this subsection and in the property or facilities financed by financing agreements.

(5) In connection with the financing of correctional facilities, the Director of the Oregon Department of Administrative Services may bill the Department of Corrections, and the Department of Corrections shall pay the amounts billed, in the same manner as provided in ORS 283.089. As required by ORS 283.091, the Department of Corrections and the Oregon Department of Administrative Services shall include in the Governor's budget all amounts that will be due in each fiscal period under financing agreements for correctional facilities. Amounts payable by the state under a financing agreement for the construction, acquisition, expansion or remodeling of a correctional facility are limited to available funds as defined in ORS 283.085, and no lender, trustee, certificate holder or county has any claim or recourse against any funds of the state other than available funds.

(6) The director shall adopt rules that may be necessary for the administration, evaluation and implementation of ORS 423.500 to 423.560. The standards shall be sufficiently flexible to foster the development of new and improved supervision or rehabilitative practices and maximize local control.

(7) When a county assumes responsibility under ORS 423.500 to 423.560 for correctional services previously provided by the department, the county and the department shall enter into an intergovernmental agreement that includes a local community corrections plan consisting of program descriptions, budget allocation, performance objectives and methods of evalu-

ating each correctional service to be provided by the county. The performance objectives must include in dominant part reducing future criminal conduct. The methods of evaluating services must include, to the extent of available information systems resources, the collection and analysis of data sufficient to determine the apparent effect of the services on future criminal conduct.

(8) All community corrections plans shall comply with rules adopted pursuant to ORS 423.500 to 423.560, and shall include but need not be limited to an outline of the basic structure and the supervision, services and local sanctions to be applied to offenders convicted of felonies, designated drug-related misdemeanors**,** [*and*] designated person misdemeanors **and designated property misdemeanors** who are:

(a) On parole;

(b) On probation;

(c) On post-prison supervision;

(d) Sentenced, on or after January 1, 1997, to 12 months or less incarceration;

(e) Sanctioned, on or after January 1, 1997, by a court or the State Board of Parole and Post-Prison Supervision to 12 months or less incarceration for a violation of a condition of parole, probation or post-prison supervision; and

(f) On conditional release under ORS 420A.206.

(9) All community corrections plans shall designate a community corrections manager of the county or counties and shall provide that the administration of community corrections under ORS 423.500 to 423.560 shall be under such manager.

(10) No amendment to or modification of a county-approved community corrections plan shall be placed in effect without prior notice to the director for purposes of statewide data collection and reporting.

(11) The obligation of the state to provide funding and the scheduling for providing funding of a project approved under this section is dependent upon the ability of the state to access public security markets to sell financing

agreements.

(12) No later than January 1 of each odd-numbered year, the Department of Corrections shall:

(a) Evaluate the community corrections policy established in ORS 423.475, 423.478, 423.483 and 423.500 to 423.560; and

(b) Assess the effectiveness of local revocation options.

(13) As used in this section, "designated drug-related misdemeanor**,**" [*and*] "designated person misdemeanor" **and "designated property misdemeanor"** have the meanings given those terms in ORS 423.478.

(Mandatory Drug Treatment)

SECTION 42. (1) Notwithstanding ORS 137.540, for a person charged with or convicted of a designated drug-related misdemeanor or designated property misdemeanor, the following must be ordered as condition of probation or included as part of any conditional discharge diversion agreement under section 43 of this 2024 Act:

(a) A requirement that the person be evaluated to determine whether the person is a drug-dependent person, and that the person provide written consent for such evaluation; and

(b) A requirement that, if the evaluation described in paragraph (a) of this subsection indicates that the person is a drug-dependent person and that the person may benefit from treatment for drug dependence, the person complete the course of treatment as directed by the evaluator.

(2) When an evaluation and treatment is required under subsection (1) of this section:

(a) The state shall fund the costs of the evaluation and treatment, including supervision related to the person's compliance with evaluation and treatment requirements.

(b) The court may assess against the person a fee to offset the costs

described in paragraph (a) of this subsection based on the person's ability to pay.

(3) As used in this section, "designated drug-related misdemeanor" and "designated property misdemeanor" have the meanings given those terms in ORS 423.478.

(Conditional Discharge Diversion)

SECTION 43. (1)(a) The district attorney shall offer any person charged with a designated drug-related misdemeanor who meets the eligibility requirements described in subsection (5) of this section the opportunity to enter into a conditional discharge diversion agreement. If the defendant enters into the agreement within 30 days after arraignment, or at a later date with the consent of the district attorney, the court shall defer further proceedings and place the person on probation. The terms of the probation shall be defined by the agreement.

(b) A conditional discharge diversion agreement described in this section carries the understanding that if the defendant fulfills the terms of the agreement, the criminal charges filed against the defendant will be dismissed with prejudice.

(c) The agreement must contain a waiver of the following rights of the defendant with respect to each criminal charge:

(A) The right to a speedy trial and trial by jury;

(B) The right to present evidence on the defendant's behalf;

(C) The right to confront and cross-examine witnesses against the defendant;

(D) The right to contest evidence presented against the defendant, including the right to object to hearsay evidence; and

(E) The right to appeal from a judgment of conviction resulting from an adjudication of guilt entered under subsection (2) of this sec-

tion, unless the appeal is based on an allegation that the sentence exceeds the maximum allowed by law or constitutes cruel and unusual punishment.

(d) The agreement must include a requirement that the defendant pay any restitution owed to the victim as determined by the court, and any fees for court-appointed counsel ordered by the court under ORS 135.050.

(e) The agreement may not contain a requirement that the defendant enter a plea of guilty or no contest on any charge in the accusatory instrument.

(f) Entering into the agreement does not constitute an admission of guilt and is not sufficient to warrant a finding or adjudication of guilt by a court.

(g) Police reports or other documents associated with the criminal charges in a court file other than the probation agreement may not be admitted into evidence, and do not establish a factual basis for finding the defendant guilty, unless the court resumes criminal proceedings and enters an adjudication of guilt under subsection (2) of this section.

(2) Upon violation of a term or condition of the conditional discharge diversion agreement, the court may resume the criminal proceedings and may find the defendant guilty of the offenses in the accusatory instrument in accordance with the waiver of rights in the agreement. The defendant may not contest the sufficiency of the evidence establishing the defendant's guilt of the offenses in the accusatory instrument.

(3) Upon a determination by the court that the terms and conditions of the conditional discharge diversion agreement have been met, the court shall discharge the person and dismiss the proceedings against the person. Discharge and dismissal under this section shall be without adjudication of guilt and is not a conviction for purposes

of this section or for purposes of disqualifications or disabilities imposed by law upon conviction of a crime.

(4) In the event that the period of probation under this section expires, but the terms and conditions of the conditional discharge diversion agreement have not been fulfilled and no probation violation proceeding was initiated prior to the expiration of the period of probation, the court may not discharge the person and dismiss the proceedings against the person. The court shall instead issue an order requiring the person to appear and to show cause why the court should not enter an adjudication of guilt as described in subsection (2) of this section due to the failure of the person to fulfill the terms and conditions of the agreement prior to expiration of the period of probation. At the hearing on the order to show cause, after considering any evidence or argument from the district attorney and the person, the court may:

(a) Order a new period of probation to allow the person to fulfill the terms and conditions of the agreement; or

(b) Enter an adjudication of guilt as described in subsection (2) of this section.

(5) A defendant is eligible for a conditional discharge diversion agreement as described in this section if the defendant meets all of the following conditions:

(a) On the date the defendant enters into the agreement, the defendant has no charge, other than the charge that is the subject of the agreement, pending.

(b) The defendant has not been convicted of manufacture or delivery of a controlled substance as described in ORS 475.752 to 475.980, or a statutory counterpart in another jurisdiction, within the previous five years.

(c) The defendant has not, within the previous year:

(A) Participated in a diversion program for possession of a con-

trolled substances or driving under the influence of intoxicants, or in any similar diversion program related to the use of alcohol or controlled substances, in this state or in any other jurisdiction;

(B) Participated in a previous conditional discharge diversion program, a conditional postponement or a similar diversion program for a designated drug-related misdemeanor; or

(C) Been sentenced to probation for a designated drug misdemeanor.

(d) The defendant does not have a criminal history score of A or B on the sentencing guidelines grid of the Oregon Criminal Justice Commission.

(6) As used in this section, "designated drug-related misdemeanor" has the meaning given that term in ORS 423.478.

(Expungement)

SECTION 44. ORS 137.225 is amended to read:

137.225. (1)(a) At any time after the person becomes eligible as described in paragraph (b) of this subsection, any person convicted of an offense who has fully complied with and performed the sentence of the court for the offense, and whose conviction is described in subsection (5) of this section, by motion may apply to the court where the conviction was entered for entry of an order setting aside the conviction. A person who is still under supervision as part of the sentence for the offense that is the subject of the motion has not fully complied with or performed the sentence of the court.

(b) A person is eligible to file a motion under paragraph (a) of this subsection:

(A) For a Class B felony, seven years from the date of conviction or the release of the person from imprisonment for the conviction sought to be set aside, whichever is later.

(B) For a Class C felony, five years from the date of conviction or the

release of the person from imprisonment for the conviction sought to be set aside, whichever is later.

(C) For a Class A misdemeanor, three years from the date of conviction or the release of the person from imprisonment for the conviction sought to be set aside, whichever is later.

(D) For a Class B or Class C misdemeanor, a violation or the finding of a person in contempt of court, one year from the date of conviction or finding or the release of the person from imprisonment for the conviction or finding sought to be set aside, whichever is later.

(E) Notwithstanding subparagraphs (A) to (D) of this paragraph, for possession of a controlled substance constituting a Class A misdemeanor, or use of a controlled substance in a public place under section 25 of this 2024 Act, immediately following the successful completion of all conditions of probation resulting from the conviction sought to be set aside, one year from the date of conviction or one year from the release of the person from imprisonment for the conviction sought to be set aside, whichever occurs latest.

(c) If no accusatory instrument is filed, at any time after 60 days from the date the prosecuting attorney indicates that the state has elected not to proceed with a prosecution or contempt proceeding, an arrested, cited or charged person may apply to the court in the county in which the person was arrested, cited or charged, for entry of an order setting aside the record of the arrest, citation or charge.

(d) At any time after an acquittal or a dismissal other than a dismissal described in paragraph (c) of this subsection, an arrested, cited or charged person may apply to the court in the county in which the person was arrested, cited or charged, for entry of an order setting aside the record of the arrest, citation or charge.

(e) Notwithstanding paragraph (b) of this subsection, a person whose sentence of probation was revoked may not apply to the court for entry of an order setting aside the conviction for which the person was sentenced to

probation for a period of three years from the date of revocation or until the person becomes eligible as described in paragraph (b) of this subsection, whichever occurs later.

(f) A person filing a motion under this section is not required to pay the filing fee established under ORS 21.135.

(2)(a) A copy of the motion shall be served upon the office of the prosecuting attorney who prosecuted the offense, or who had authority to prosecute the charge if there was no accusatory instrument filed. The prosecuting attorney may object to a motion filed under subsection (1)(a) of this section and shall notify the court and the person of the objection within 120 days of the date the motion was filed with the court.

(b) When a prosecuting attorney is served with a copy of a motion to set aside a conviction under subsection (1)(a) of this section, the prosecuting attorney shall provide a copy of the motion and notice of the hearing date to the victim, if any, of the offense by mailing a copy of the motion and notice to the victim's last-known address.

(c) When a person makes a motion under this section, the person shall forward to the Department of State Police a full set of the person's fingerprints on a fingerprint card or in any other manner specified by the department.

(d) When a person makes a motion under subsection (1)(a) of this section, the person must pay a fee to the Department of State Police for the purpose of the department performing a criminal record check. The department shall establish a fee in an amount not to exceed the actual cost of performing the criminal record check. If the department is required to perform only one criminal record check for the person, the department may only charge one fee, regardless of the number of counties in which the person is filing a motion to set aside a conviction, arrest, charge or citation under this section. The department shall provide a copy of the results of the criminal record check to the prosecuting attorney.

(e) The prosecuting attorney may not charge the person a fee for per-

forming the requirements described in this section.

(3)(a) If an objection is received to a motion filed under subsection (1)(a) of this section, the court shall hold a hearing, and may require the filing of such affidavits and may require the taking of such proofs as the court deems proper. The court shall allow the victim to make a statement at the hearing. If the person is otherwise eligible for relief under this section, the court shall grant the motion and enter an order as described in paragraph (b) of this subsection unless the court makes written findings, by clear and convincing evidence, that the circumstances and behavior of the person, from the date of the conviction the person is seeking to set aside to the date of the hearing on the motion, do not warrant granting the motion due to the circumstances and behavior creating a risk to public safety. When determining whether the person's circumstances and behavior create a risk to public safety, the court may only consider criminal behavior, or violations of regulatory law or administrative rule enforced by civil penalty or other administrative sanction that relate to the character of the conviction sought to be set aside. The court may not consider nonpunitive civil liability, monetary obligations and motor vehicle violations. Upon granting the motion, the court shall enter an appropriate order containing the original arrest or citation charge, the conviction charge, if different from the original, the date of charge, the submitting agency and the disposition of the charge. Upon the entry of the order, the person for purposes of the law shall be deemed not to have been previously convicted, and the court shall issue an order sealing the record of conviction and other official records in the case, including the records of arrest, citation or charge.

(b) The court shall grant a motion filed under subsection (1)(c) or (d) of this section, or under subsection (1)(a) of this section if no objection to the motion is received, and shall enter an appropriate order containing the original arrest or citation charge, the conviction charge, if applicable and different from the original, the date of charge, the submitting agency and the disposition of the charge. Upon the entry of the order, the person for pur-

poses of the law shall be deemed not to have been previously convicted, arrested, cited or charged, and the court shall issue an order sealing all official records in the case, including the records of arrest, citation or charge, whether or not the arrest, citation or charge resulted in a further criminal proceeding.

(4) The clerk of the court shall forward a certified copy of the order to such agencies as directed by the court. A certified copy must be sent to the Department of Corrections when the order concerns a conviction. Upon entry of the order, the conviction, arrest, citation, charge or other proceeding shall be deemed not to have occurred, and the person may answer accordingly any questions relating to its occurrence.

(5) The provisions of subsection (1)(a) of this section apply to a conviction for:

(a) A Class B felony, except for a violation of ORS 166.429 or any crime classified as a person felony as defined in the rules of the Oregon Criminal Justice Commission.

(10) For purposes of any civil action in which truth is an element of a claim for relief or affirmative defense, the provisions of subsection (3) of this

section providing that the conviction, arrest, citation, charge or other proceeding be deemed not to have occurred do not apply and a party may apply to the court for an order requiring disclosure of the official records in the case as may be necessary in the interest of justice.

(11)(a) Upon motion of any prosecutor or defendant in a case involving records sealed under this section, supported by affidavit showing good cause, the court with jurisdiction may order the reopening and disclosure of any records sealed under this section for the limited purpose of assisting the investigation of the movant. (b) The people of Oregon further find that a health-based approach to addiction and overdose is [*more*] effective, humane and cost-effective [*than criminal punishments. Making people criminals because they suffer from addiction is expensive, ruins lives and can make access to treatment and recovery more difficult*].

(2)(a) The purpose of the Drug Addiction Treatment and Recovery Act of 2020**, as further amended,** is to make screening, health assessment, treatment and recovery services for drug addiction available to all those who need and want access to those services and to [*adopt a health approach*] **enhance assessment, treatment and recovery services** to **address** drug addiction [*by removing criminal penalties for low-level drug possession*].

(b) It is the policy of the State of Oregon:

(A) That screening, health assessment, treatment and recovery services for drug addiction are available to all those who need and want access to those services; and

(B) To encourage treatment and recovery for people struggling with substance use.

(3) The provisions of ORS 430.383 to 430.390 and 430.394 shall be interpreted consistently with the findings, purposes and policy objectives stated in this section and shall not be limited by any policy set forth in Oregon law

that could conflict with or be interpreted to conflict with the purposes and policy objectives stated in this section.

(4) As used in ORS 430.383 to 430.390 and 430.394, "recovery" means a process of change through which individuals improve their health and wellness, live a self-directed life and strive to reach their full potential.

SECTION 65. ORS 293.665, 305.231, 430.388 and section 6, chapter 248, Oregon Laws 2023, are repealed.

LOTTERY BONDS FOR TREATMENT FACILITY INFRASTRUCTURE

SECTION 66. (1) For the biennium ending June 30, 2025, at the request of the Oregon Department of Administrative Services, after the department consults with a recipient local government, the State Treasurer is authorized to issue lottery bonds pursuant to ORS 286A.560 to 286A.585 in an amount that produces $_____ in net proceeds for the purposes described in subsection (2) of this section, plus an additional amount estimated by the State Treasurer to be necessary to pay bond-related costs.

(2) Net proceeds of lottery bonds issued under this section must be transferred to the department for deposit in the Oregon Department of Administrative Services Economic Development Distributions Fund established under ORS 461.553, for distribution to a recipient local government for purchase or renovation of physical infrastructure for substance abuse treatment and recovery.

(3) The Legislative Assembly finds that the use of lottery bond proceeds will create jobs, further economic development, finance public education or restore and protect parks, beaches, watersheds and native fish and wildlife, and is authorized based on the finding that reducing substance abuse will enhance the economic viability of the state through increased workforce, job creation and improved quality of life for the community.

(4) As used in this section, "local government" has the meaning given that term in ORS 174.116.

LEGISLATIVE FINDINGS CONCERNING SPECIALTY COURT FUNDING

(2) A public body, as defined in ORS 174.109, may not deny access to services provided to individuals with mental illness on the basis that the individual seeking the services also has an intellectual disability.

SECTION 3. ORS 21.010 is amended to read:

21.010. (1) Except as provided in this section, the appellant in an appeal or the petitioner in a judicial review in the Supreme Court or the Court of Appeals shall pay a filing fee of $391 in the manner prescribed by ORS 19.265. The respondent in such case and any other person appearing in the appeal, upon entering first appearance or filing first brief in the court, shall pay to the State Court Administrator a filing fee of $391. The party entitled to costs and disbursements on such appeal shall recover from the opponent the amount so paid.

(2) Filing and appearance fees may not be assessed in appeals from habeas corpus proceedings under ORS 34.710, post-conviction relief proceedings under ORS 138.650, juvenile court under ORS 419A.200[,] **or** the involuntary commitment of persons determined to be persons with mental illness under ORS 426.135 [*or persons determined to have an intellectual disability under ORS 427.295*] or orders of the State Board of Parole and Post-Prison Supervision or on judicial review of orders entered under ORS 161.315 to 161.351 by the Psychiatric Security Review Board.

(3) Filing and appearance fees shall be assessed in an appeal from an appeal to a circuit court from a justice court or municipal court in an action alleging commission of a state offense designated as a violation or an action alleging violation of a city charter or ordinance, but not in an action alleging commission of a state crime.

(4) Filing and appearance fees shall only be assessed in an appeal in a contempt proceeding seeking imposition of remedial sanctions under the provisions of ORS 33.055.

(5) The filing and appearance fees established by this section apply to cases of original jurisdiction in the Supreme Court.

SECTION 4. ORS 109.322 is amended to read:

109.322. (1) If a parent has been adjudged to be a person with mental illness under ORS 426.130 [*or a person with an intellectual disability who is in need of commitment for residential care, treatment and training under ORS 427.290,*] and remains so at the time of the adoption proceedings, or if a parent is imprisoned in a state or federal prison under a sentence for a term of not less than three years and has actually served three years, the petitioner, in accordance with ORS 109.330, shall serve on the parent, if the parent has not consented in writing to the adoption, a summons and a motion and order to show cause why the adoption of the child should not be ordered without the parent's consent.

(2) In the case of a parent adjudged to be a person with mental illness under ORS 426.130 [*or a person with an intellectual disability who is in need of commitment for residential care, treatment and training under ORS 427.290*], the petitioner shall also serve the summons and the motion and order to show cause upon the guardian of the parent. If the parent has no guardian, the court shall appoint a guardian ad litem to appear for the parent in the adoption proceedings.

(3) Upon hearing, except as provided in ORS 109.330 (8) if the child is an Indian child, if the court finds that the adoption is in the best interests of the child, the consent of the parent who is imprisoned or adjudged to be a person with mental illness [*or an intellectual disability*] is not required, and the court may proceed regardless of the objection of the parent.

(4) This section does not apply when consent is given in loco parentis under ORS 109.325 or 109.327.

SECTION 5. ORS 161.367 is amended to read:

161.367. (1) If at any time the court determines that the defendant lacks fitness to proceed, the court shall further determine whether there is a substantial probability that the defendant, in the foreseeable future, will gain or regain fitness to proceed. If the court determines that there is no substantial probability that the defendant, in the foreseeable future, will gain

or regain fitness to proceed, the court shall dismiss, without prejudice and in accordance with subsection (6) of this section, all charges against the defendant and:

(a) Order that the defendant be discharged; or

(b) Initiate commitment proceedings under ORS 426.070[,] **or** 426.701 [*or 427.235 to 427.292*].

(2)(a) The superintendent of the hospital or director of the facility in which the defendant is committed under ORS 161.370 or a person examining the defendant as a condition of release to community restoration services shall notify the court if the defendant gains or regains fitness to proceed.

(b) A party to the case may notify the court if the defendant has gained or regained fitness to proceed.

(c) The court may, upon its own motion or the request of either party, hold a hearing to determine whether the defendant has gained or regained fitness to proceed. If the court determines that the defendant has gained or regained fitness to proceed, the court shall resume the criminal proceeding unless the court determines that so much time has elapsed since the commitment or release of the defendant to community restoration services that it would be unjust to resume the criminal proceeding. If the court determines that it would be unjust to resume the criminal proceeding, the court, on motion of either party, may dismiss the charge in accordance with subsection (6) of this section, and may order the defendant to be discharged or cause a proceeding to be commenced forthwith under ORS 426.070 to 426.170[,] **or** 426.701 [*or 427.235 to 427.292*].

(3) If the defendant gains or regains fitness to proceed, the defendant shall be given credit against each charge alleged in the accusatory instrument for each day the defendant was committed under ORS 161.370 to the custody of a state mental hospital, or to the custody of a secure intensive community inpatient facility designated by the Oregon Health Authority.

(4) Notwithstanding the suspension of the criminal proceeding under ORS 161.370 (2), the fact that the defendant is unfit to proceed does not preclude

any objection through counsel and without the personal participation of the defendant on the grounds that the indictment is insufficient, that the statute of limitations has run, that double jeopardy principles apply or upon any other ground at the discretion of the court which the court deems susceptible of fair determination prior to trial.

(5) At the time that the court determines that the defendant lacks fitness to proceed under ORS 161.370 (2), the court shall notify the defendant in writing that federal law prohibits the defendant from purchasing or possessing a firearm unless the person obtains relief from the prohibition under federal law. The court shall again notify the defendant in writing of the prohibition if the court finds that the defendant has gained or regained fitness to proceed under subsection (2) of this section.

(6) If the court intends to dismiss all charges involving orders of commitment against a defendant who is committed to and currently located at a state mental hospital or other facility, the court shall order that the defendant be immediately transported back to the jurisdiction in which the charges were initiated, and the dismissal shall take effect only upon the defendant's arrival in that jurisdiction.

SECTION 6. ORS 161.370 is amended to read:

161.370. (1)(a) When the defendant's fitness to proceed is drawn in question, the issue shall be determined by the court.

(b) If neither the prosecuting attorney nor counsel for the defendant contests the finding of the report filed under ORS 161.365, the court may make the determination on the basis of the report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence in the hearing, the party who contests the finding has the right to summon and to cross-examine any certified evaluator who submitted the report and to offer evidence upon the issue. Other evidence regarding the defendant's fitness to proceed may be introduced by either party.

(2)(a) If the court determines that the defendant lacks fitness to proceed, the criminal proceeding against the defendant shall be suspended and the

court shall proceed in accordance with this subsection.

(b) After making the determination under paragraph (a) of this subsection, the court shall receive a recommendation from a community mental health program director or the director's designee, and from any local entity that would be responsible for treating the defendant if the defendant were to be released in the community, concerning whether appropriate community restoration services are present and available in the community.

(c) If the parties agree as to the appropriate action under this section, the court may, after making all findings required by law, enter any order authorized by this section. If the parties do not agree as to the appropriate action, the court and the parties shall, at a hearing, consider an appropriate action in the case, and the court shall make a determination and enter an order necessary to implement the action. In determining the appropriate action, the court shall consider the primary and secondary release criteria as defined in ORS 135.230, the least restrictive option appropriate for the defendant, the needs of the defendant and the interests of justice. Actions may include but are not limited to:

(A) Commitment for the defendant to gain or regain fitness to proceed under subsection (3) or (4) of this section;

(B) An order to engage in community restoration services, as recommended by the community mental health program director or designee, under subsection (6) of this section;

(C) Commencement of a civil commitment proceeding under ORS 426.070 to 426.170[,] **or** 426.701 [*or 427.235 to 427.292*];

(D) Commencement of protective proceedings under ORS chapter 125; or

(E) Dismissal of the charges pursuant to ORS 135.755 and in accordance with ORS 161.367 (6).

(d) If the court, while considering or ordering an appropriate action under this subsection, does not order the defendant committed to a state mental hospital or other facility, but finds that appropriate community restoration services are not present and available in the community, for any defendant

remaining in custody after such determination, the court shall set a review hearing seven days from the date of the determination under paragraph (a) of this subsection. At the review hearing, the court shall consider all relevant information and determine if commitment to the state mental hospital or other facility is appropriate under subsection (3) or (4) of this section, or if another action described in paragraph (c) of this subsection is appropriate. At the conclusion of the hearing the court shall enter an order in accordance with the defendant's constitutional rights to due process.

(e) If the court determines that the appropriate action in the case is an order for the defendant to engage in community restoration services, but the defendant has a pending criminal case, warrant or hold in one or more other jurisdictions, the other jurisdictions shall, within two judicial days of becoming aware of the proceeding under this section, communicate with the court and the other jurisdictions, if applicable, to develop a plan to address the interests of all jurisdictions in the defendant in a timely manner.

(3)(a) If the most serious offense in the charging instrument is a felony, the court shall commit the defendant to the custody of the superintendent of a state mental hospital or director of a facility designated by the Oregon Health Authority if the defendant is at least 18 years of age, or to the custody of the director of a secure intensive community inpatient facility designated by the authority if the defendant is under 18 years of age, if the court makes the following findings:

(A) The defendant requires a hospital level of care due to public safety concerns if the defendant is not hospitalized or in custody or the acuity of symptoms of the defendant's qualifying mental disorder; and

(B) Based on the findings resulting from a consultation described in ORS 161.365 (1), if applicable, from any information provided by community-based mental health providers or any other sources, and primary and secondary release criteria as defined in ORS 135.230, the appropriate community restoration services are not present and available in the community.

(b) If the defendant is committed under this subsection, the community

mental health program director, or director's designee, shall at regular intervals, during any period of commitment, review available community restoration services and maintain communication with the defendant and the superintendent of the state mental hospital or director of the facility in order to facilitate an efficient transition to treatment in the community when ordered.

(c) If the court does not order the commitment of the defendant under this subsection, the court shall proceed in accordance with subsection (2)(c) of this section to determine and order an appropriate action other than commitment.

(4)(a) If the most serious offense in the charging instrument is a misdemeanor, the court may not commit the defendant to the custody of the superintendent of a state mental hospital or director of a facility designated by the Oregon Health Authority if the defendant is at least 18 years of age, or to the custody of the director of a secure intensive community inpatient facility designated by the authority if the defendant is under 18 years of age, unless the court:

(A)(i) Receives a recommendation from a certified evaluator that the defendant requires a hospital level of care due to the acuity of symptoms of the defendant's qualifying mental disorder; and

(ii) Receives a recommendation from a community mental health program director, or director's designee, that the appropriate community restoration services are not present and available in the community; or

(B) Determines that the defendant requires a hospital level of care after making all of the following written findings:

(i) The defendant needs a hospital level of care due to the acuity of the symptoms of the defendant's qualifying mental disorder;

(ii) There are public safety concerns; and

(iii) The appropriate community restoration services are not present and available in the community.

(b) If at the time of determining the appropriate action for the case, the

court is considering commitment under paragraph (a)(A) of this subsection and:

(A) Has not received a recommendation from a certified evaluator as to whether the defendant requires a hospital level of care due to the acuity of symptoms of the defendant's qualifying mental disorder, the court shall order a certified evaluator to make such a recommendation.

(B) Has not received a recommendation from the community mental health program director or designee concerning whether appropriate community restoration services are present and available in the community, the court shall order the director or designee to make such a recommendation.

(c) If the court does not order the commitment of the defendant under this subsection, the court shall proceed in accordance with subsection (2)(c) of this section to determine and order an appropriate action other than commitment.

(d) If the defendant is committed under this subsection, the community mental health program director, or director's designee, shall at regular intervals, during any period of commitment, review available community restoration services and maintain communication with the defendant and the superintendent of the state mental hospital or director of the facility in order to facilitate an efficient transition to treatment in the community when ordered.

(5) If the most serious offense in the charging instrument is a violation, the court may not commit the defendant to the custody of the superintendent of a state mental hospital or director of a facility designated by the Oregon Health Authority if the defendant is at least 18 years of age, or to the custody of the director of a secure intensive community inpatient facility designated by the authority if the defendant is under 18 years of age.

(6)(a) If the court does not order the commitment of the defendant under subsection (3) or (4) of this section, if commitment is precluded under subsection (5) of this section or if the court determines that care other than commitment would better serve the defendant and the community, the court

shall release the defendant, pursuant to an order that the defendant engage in community restoration services, until the defendant has gained or regained fitness to proceed, or until the court finds there is no substantial probability that the defendant will, within the foreseeable future, gain or regain fitness to proceed. The court may not order the defendant to engage in community restoration services in another county without permission from the other county.

(b) The court may order a community mental health program director coordinating the defendant's treatment in the community to provide the court with status reports on the defendant's progress in gaining or regaining fitness to proceed. The director shall provide a status report if the defendant is not complying with court-ordered restoration services.

(c) A community mental health program director coordinating the defendant's treatment in the community shall notify the court if the defendant gains or regains fitness to proceed. The notice shall be filed with the court and may be filed electronically. The clerk of the court shall cause copies of the notice to be delivered to both the district attorney and the counsel for the defendant.

(d) When a defendant is ordered to engage in community restoration services under this subsection, the court may place conditions that the court deems appropriate on the release, including the requirement that the defendant regularly report to a state mental hospital or a certified evaluator for examination to determine if the defendant has gained or regained fitness to proceed.

(7) The Oregon Health Authority shall establish by rule standards for the recommendation provided to the court described in subsection (2) of this section.

SECTION 7. ORS 161.371 is amended to read:

161.371. (1) The superintendent of a state mental hospital or director of a facility to which the defendant is committed under ORS 161.370 shall cause the defendant to be evaluated within 60 days from the defendant's delivery

into the superintendent's or director's custody, for the purpose of determining whether there is a substantial probability that, in the foreseeable future, the defendant will have fitness to proceed. In addition, the superintendent or director shall:

(a) Immediately notify the committing court if the defendant, at any time, gains or regains fitness to proceed or if there is no substantial probability that, within the foreseeable future, the defendant will gain or regain fitness to proceed.

(b) Within 90 days of the defendant's delivery into the superintendent's or director's custody, notify the committing court that:

(A) The defendant has present fitness to proceed;

(B) There is no substantial probability that, in the foreseeable future, the defendant will gain or regain fitness to proceed; or

(C) There is a substantial probability that, in the foreseeable future, the defendant will gain or regain fitness to proceed. If the probability exists, the superintendent or director shall give the court an estimate of the time in which the defendant, with appropriate treatment, is expected to gain or regain fitness to proceed.

(c) Notify the court if court-ordered involuntary medication is necessary for the defendant to gain or regain fitness to proceed and, if appropriate, submit a report to the court under ORS 161.372.

(2)(a) If the superintendent of the state mental hospital or director of the facility to which the defendant is committed determines that there is a substantial probability that, in the foreseeable future, the defendant will gain or regain fitness to proceed, unless the court otherwise orders, the defendant shall remain in the superintendent's or director's custody where the defendant shall receive treatment designed for the purpose of enabling the defendant to gain or regain fitness to proceed. In keeping with the notice requirement under subsection (1)(b) of this section, the superintendent or director shall, for the duration of the defendant's period of commitment, submit a progress report to the committing court, concerning the defendant's

fitness to proceed, at least once every 180 days as measured from the date of the defendant's delivery into the superintendent's or director's custody.

(b) A progress report described in paragraph (a) of this subsection may consist of an update to:

(A) The original examination report conducted under ORS 161.365; or

(B) An evaluation conducted under subsection (1) of this section, if the defendant did not receive an examination under ORS 161.365.

(3)(a) Notwithstanding subsection (2) of this section, if the most serious offense in the charging instrument is a felony, and the superintendent of the state mental hospital or director of the facility to which the defendant is committed determines that a hospital level of care is no longer necessary due to present public safety concerns and the acuity of symptoms of the defendant's qualifying mental disorder, the superintendent or director may file notice of the determination with the court. Upon receipt of the notice, the court shall order that a community mental health program director or the director's designee, within five judicial days:

(A) Consult with the defendant and with any local entity that would be responsible for providing community restoration services, if the defendant were to be released in the community, to determine whether community restoration services are present and available in the community; and

(B) Provide the court and the parties with recommendations from the consultation.

(b) Notwithstanding subsection (2) of this section, if the most serious offense in the charging instrument is a felony, and the community mental health program director determines that community restoration services that would mitigate any risk posed by the defendant are present and available in the community, the community mental health program director may file notice of the determination with the court. Upon receipt of the notice, the court shall order that the superintendent of the state mental hospital or director of the facility to which the defendant is committed, within five judicial days:

(A) Evaluate the defendant to determine whether a hospital level of care is no longer necessary due to present public safety concerns, or no longer necessary due to the acuity of symptoms of the defendant's qualifying mental disorder; and

(B) Provide the court and the parties with recommendations from the evaluation.

(c) Within 10 judicial days of receiving the recommendations described in paragraph (a) or (b) of this subsection, the court shall hold a hearing to determine an appropriate action in accordance with ORS 161.370 (2)(c) as follows:

(A) If, after consideration of the factors and possible actions described in ORS 161.370 (2)(c) and any recommendations received under paragraph (a) or (b) of this subsection, the court determines that a hospital level of care is necessary due to public safety concerns or the acuity of symptoms of the defendant's qualifying mental disorder, and that based on the consultation or evaluation described in paragraph (a) or (b) of this subsection, any information provided by community-based mental health providers or any other sources, primary and secondary release criteria as defined in ORS 135.230, and any other information the court finds to be trustworthy and reliable, the appropriate community restoration services are not present and available in the community, the court may continue the commitment of the defendant.

(B) If the court does not make the determination described in subparagraph (A) of this paragraph, the court shall terminate the commitment and shall set a review hearing seven days from the date of the commitment termination for any defendant remaining in custody. At the review hearing, the court shall consider all relevant information, determine an appropriate action in the case as described in ORS 161.370 (2)(c) and enter an order in accordance with the defendant's constitutional rights to due process.

(4)(a) Notwithstanding subsection (2) of this section, if the most serious offense in the charging instrument is a misdemeanor, and the superintendent of the state mental hospital or director of the facility to which the defendant

is committed determines that the defendant no longer needs a hospital level of care due to the acuity of symptoms of the defendant's qualifying mental disorder or there are not present public safety concerns, the superintendent or director shall file notice of the determination with the court, along with recommendations regarding the necessary community restoration services that would mitigate any risk presented by the defendant. Upon receipt of the notice, the court shall order that a community mental health program director or the director's designee, within five judicial days:

(A) Consult with the defendant and with any local entity that would be responsible for providing community restoration services, if the defendant were to be released in the community, to determine whether appropriate community restoration services are present and available in the community; and

(B) Provide the court and the parties with recommendations from the consultation.

(b) Notwithstanding subsection (2) of this section, if the most serious offense in the charging instrument is a misdemeanor, and the community mental health program director determines that the community restoration services that would mitigate any risk posed by the defendant are present and available in the community, the community mental health program director may file notice of the determination with the court. Upon receipt of the notice, the court shall order that the superintendent of the state mental hospital or director of the facility to which the defendant is committed, within five judicial days:

(A) Evaluate the defendant to determine whether a hospital level of care is no longer necessary due to present public safety concerns, or no longer necessary due to the acuity of symptoms of the defendant's qualifying mental disorder; and

(B) Provide the court and the parties with recommendations from the evaluation.

(c) Within 10 judicial days of receiving the recommendations described in

paragraph (a) or (b) of this subsection, the court shall hold a hearing to determine an appropriate action in accordance with ORS 161.370 (2)(c) as follows:

(A) After consideration of the factors and possible actions described in ORS 161.370 (2)(c), the consultation or evaluation and any recommendations described in paragraph (a) or (b) of this subsection, and any other information the court finds to be trustworthy and reliable, the court may continue the commitment of the defendant if the court makes written findings that a hospital level of care is necessary due to public safety concerns and the acuity of symptoms of the defendant's qualifying mental disorder, and that appropriate community restoration services are not present and available in the community.

(B) If the court does not make the findings described in subparagraph (A) of this paragraph, the court shall terminate the commitment and shall set a review hearing seven days from the date of the commitment termination for any defendant remaining in custody. At the review hearing, the court shall consider all relevant information, determine an appropriate action in the case as described in ORS 161.370 (2)(c) and enter an order in accordance with the defendant's constitutional rights to due process.

(5)(a) If a defendant remains committed under this section, the court shall determine within a reasonable period of time whether there is a substantial probability that, in the foreseeable future, the defendant will gain or regain fitness to proceed. However, regardless of the number of charges with which the defendant is accused, in no event shall the defendant be committed for longer than whichever of the following, measured from the defendant's initial custody date, is shorter:

(A) Three years; or

(B) A period of time equal to the maximum sentence the court could have imposed if the defendant had been convicted.

(b) For purposes of calculating the maximum period of commitment described in paragraph (a) of this subsection:

(A) The initial custody date is the date on which the defendant is first committed under this section on any charge alleged in the accusatory instrument; and

(B) The defendant shall be given credit against each charge alleged in the accusatory instrument:

(i) For each day the defendant is committed under this section, whether the days are consecutive or are interrupted by a period of time during which the defendant has gained or regained fitness to proceed; and

(ii) Unless the defendant is charged on any charging instrument with aggravated murder or a crime listed in ORS 137.700 (2), for each day the defendant is held in jail before and after the date the defendant is first committed, whether the days are consecutive or are interrupted by a period of time during which the defendant lacks fitness to proceed.

(c) The superintendent of the state mental hospital or director of the facility to which the defendant is committed shall notify the committing court of the defendant's impending discharge 30 days before the date on which the superintendent or director is required to discharge the defendant under this subsection.

(6)(a) All notices required under this section shall be filed with the court and may be filed electronically. The clerk of the court shall cause copies of the notices to be delivered to both the district attorney and the counsel for the defendant.

(b) When the committing court receives a notice from the superintendent or director under subsection (1) of this section concerning the defendant's progress or lack thereof, or under subsection (5) of this section concerning the defendant's impending discharge, the committing court shall determine, after a hearing if a hearing is requested, whether the defendant presently has fitness to proceed.

(7) If at any time the court determines that the defendant lacks fitness to proceed, the court shall further determine whether the defendant is entitled to discharge under subsection (5) of this section. If the court determines

that the defendant is entitled to discharge under subsection (5) of this section, the court shall dismiss, without prejudice and in accordance with ORS 161.367 (6), all charges against the defendant and:

(a) Order that the defendant be discharged; or

(b) Initiate commitment proceedings under ORS 426.070[,] **or** 426.701 [*or 427.235 to 427.292*].

SECTION 8. ORS 166.273 is amended to read:

166.273. (1) A person barred from transporting, shipping, possessing or receiving a firearm may file a petition with the Psychiatric Security Review Board for relief from the bar if:

(a) The person is barred from possessing a firearm under ORS 166.250 (1)(c)(D) or (E);

best interests of such offenders and of society and effecting economies in capital expenditures and operational costs. The purpose of this compact is to provide for the mutual development and execution of such programs of cooperation for the confinement, treatment and rehabilitation of offenders with the most economical use of human and material resources.

ARTICLE II

ARTICLE III

CONTRACTS

(1) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

(a) Its duration.

(b) Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any

participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.

(c) Participation in programs of inmate employment, if any, the disposition or crediting of any payments received by inmates on account thereof, and the crediting of proceeds from or disposal of any products resulting therefrom.

(2) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV

PROCEDURES AND RIGHTS

(1) Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to Article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the sending state.

(2) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(3) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in

which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided, that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III.

(4) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have official review of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(5) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(6) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials

before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subsection, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state.

(7) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(8) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or the status of the inmate changed on account of any action or proceeding in which the inmate could have participated if confined in any appropriate institution of the sending state located within such state.

(9) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in the exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V

ACTS NOT REVIEWABLE IN RECEIVING STATE; EXTRADITION

(1) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of

the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(2) An inmate who escapes from an institution in which the inmate is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be that of the sending state, but nothing contained in this compact shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI

FEDERAL AID

Any state party to this compact may accept federal aid for use in connection with any institution or program, the use of which is or may be affected by this compact or any contract pursuant hereto and any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provision; provided, that if such program or activity is not part of the customary correctional regimen the express consent of the appropriate official of the sending state shall be required therefor.

ARTICLE VII

ENTRY INTO FORCE

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states upon similar action by such state.

ARTICLE VIII

WITHDRAWAL AND TERMINATION

This compact shall continue in force and remain binding upon a party

state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until one year after the notices provided in said statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX

OTHER ARRANGEMENTS UNAFFECTED

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a nonparty state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X

CONSTRUCTION AND SEVERABILITY

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

ARTICLE VIII

Other Arrangements Unaffected

Nothing contained in this compact shall be construed to abrogate or impair any agreement which a party state may have with a nonparty state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

SECTION 26. This 2024 Act takes effect on July 1, 2025.

HB 4505: PUBLIC SAFETY WORKFORCE STABILIZATION ACT OF 2024

This bill from the "House Committee on Emergency Management, General Government, & Veterans" makes critical updates to PERS categories to address public safety workforce stabilization issues experienced across Oregon.

ADDS DISTRICT ATTORNEYS TO THE POLICE & FIRE CATEGORY

Why? Deputy District Attorneys are already in the P&F category, but their upward mobility is limited because they will lose their P&F benefits if they decide to serve as the Elected DA. In many small and medium size counties the Elected DA serves as the primary DA, while carrying a caseload and operating in a full-time DDA role.

What will it cost? This applies to 36 Elected DA positions across the State, which is a small number of people serving a critically important role to Public Safety. Expected General Fund budget impact is negligible and less than $250,000 per year.

CREATES A NEW PERS CATEGORY FOR HAZARDOUS POSITIONS

Why? Workers at the Oregon State Hospital (OSH) and 911 call centers face physically dangerous and/or psychologically stressful job conditions, but they do not receive retirement benefits commensurate with those inherent job risks. At PERS' suggestion, this new category would help 3,200 public safety workers qualify for the benefits they deserve at a time of extreme workforce shortages.

What will it cost? This category will be set up once PERS has completed its modernization projects, which they have said on the record will make this effort significantly more cost-effective. PERS' estimate for the cost without that modernization effort is ~17 million (+/- 50%), we expect the final fiscal to be significantly lower. The guard rails on qualifying employees will also help limit increased PERS contribution amounts from employers.

LOWERS RETIREMENT AGE OF OPSRP POLICE & FIRE TO 55 (53 IF 25 YRS SERVED)

Why? As police officers and firefighters age in these physically demanding roles, their rate of injury, workers comp claims, and other paid leave claims dramatically increases. This is not only an expensive burden on these systems, but it also raises concerns that above the age of 55, the job is increasingly risky for these workers and those they serve. This change also makes recruitment for these jobs more competitive at a critical time of addressing workforce shortages.

What will it cost? This will raise PERS contribution amounts by less than 1% (estimates of 0.7%) and add just over $60 million to the UAL. Implementation cost to PERS should be low, as all these members already receive PERS.

A BILL FOR AN ACT

Relating to school buses; creating new provisions; and amending ORS 820.100.

Be It Enacted by the People of the State of Oregon:

SECTION 1. Section 2 of this 2024 Act is added to and made a part of the Oregon Vehicle Code.

SECTION 2. (1) As used in this section:

(a) "Education provider" means:

(A) A school district as defined in ORS 332.002;

(B) An entity that is a provider under the Oregon Prenatal to Kindergarten Program or other public early learning and preschool programs established under ORS 329.172 to 329.200;

(D) An education service district;

(E) An educational program under the Youth Corrections Education Program or the Juvenile Detention Education Program, as those terms are defined in ORS 326.695; or

(F) A program that receives moneys pursuant to ORS 343.243.

NOTE: Matter in **boldfaced** type in an amended section is new; matter [*italic and bracketed*] is existing law to be omitted. New sections are in **boldfaced** type.

(b) "Stop arm camera" means a video recording device that is installed on a school bus for the purpose of recording drivers who fail to stop for bus safety lights in violation of ORS 811.155 and that is capable of recording the date, time, registration plate number and location of the offense.

(2) Consistent with public contracting law and applicable collective bargaining agreements, an education provider may enter into a contract for the installation, operation and maintenance of stop arm cameras on school buses to photograph, by automated means, drivers who violate ORS 811.155.

(3) When a stop arm camera is installed on a bus:

(a) The education provider must inform, or cause to be informed, the persons who will be drivers of the school bus; and

(b) A warning sign must be posted on the school bus indicating the use of the stop arm camera.

(4) Notwithstanding any other provision of law, a law enforcement agency that has entered into an agreement with an education provider related to stop arm cameras on school buses may issue a citation for violation of ORS 811.155 on the basis of photographs or video from a camera and other technology, including sensors that measure movement of a motor vehicle while a stop arm is deployed without the presence of a police officer, if the following conditions are met:

(a) A police officer has reviewed the evidence and signs the citation.

(b) The citation is mailed to the registered owner of the vehicle within six business days of the alleged violation.

(c) The registered owner is given 30 days from the date the citation is mailed to respond to the citation.

(d) A rebuttable presumption exists that the registered owner of the vehicle was the driver of the vehicle when the citation is issued and delivered as provided in this section.

(e) A driver issued a citation under this subsection may respond to

the citation by submitting a certificate of innocence or a certificate of nonliability under subsection (6) of this section or may make any other response allowed by law.

(5) A citation may be delivered by mail or otherwise to the registered owner of the vehicle or to the driver. The citation may be prepared on a digital medium, and the signature may be electronic in accordance with the provisions of ORS 84.001 to 84.061.

(6)(a) A registered owner of a vehicle may respond by mail to a citation issued under subsection (4) of this section by submitting, within 30 days after the mailing of the citation, a certificate of innocence swearing or affirming that the owner was not the driver of the vehicle and by providing a photocopy of the owner's driver license. A jurisdiction that receives a certificate of innocence under this paragraph shall dismiss the citation without requiring a court appearance by the registered owner or any other information from the registered owner other than the certificate of innocence and the photocopy. The citation may be reissued only once, only to the registered owner and only if the jurisdiction verifies that the registered owner appears to have been the driver at the time of the violation. A registered owner may not submit a certificate of innocence in response to a reissued citation.

(b) If a business or public agency responds to a citation issued under subsection (4) of this section by submitting, within 30 days after the mailing of the citation, a certificate of nonliability stating that at the time of the alleged violation the vehicle was in the custody and control of an employee, or was in the custody and control of a renter or lessee under the terms of a rental agreement or lease, and if the business or public agency provides the driver license number, name and address of the employee, renter or lessee, the citation shall be dismissed with respect to the business or public agency. The citation may then be issued and delivered by mail or otherwise to the employee, renter or lessee identified in the certificate of nonliability.

(7) If the person named as the registered owner of a vehicle in the current records of the Department of Transportation fails to respond to a citation issued under subsection (4) of this section, a default judgment under ORS 153.102 may be entered for failure to appear after notice has been given that the judgment will be entered.

(8) The penalties for and all consequences of violating ORS 811.155 initiated by the submission of a report under this section are the same as the penalties for and all consequences of violating ORS 811.155 initiated by any other means.

(9) A registered owner, employee, renter or lessee against whom a judgment for failure to appear is entered may move the court to relieve the owner, employee, renter or lessee from the judgment as provided in ORS 153.105 if the failure to appear was due to mistake, inadvertence, surprise or excusable neglect.

(10) An image or video recording produced by a stop arm camera may not be used for any purpose other than evidence of a violation of ORS 811.155.

SECTION 3. ORS 820.100 is amended to read:

820.100. (1) The State Board of Education shall adopt and enforce such reasonable standards relating to school bus and school activity vehicle construction and school bus and school activity vehicle equipment as the board deems necessary for safe and economical operation, except that the board may not authorize the use of school buses manufactured before April 1, 1977.

SUMMARY

Digest: The Act modifies a defined term under PECBA. (Flesch Readability Score: 61.2).

Modifies the definition of "supervisory employee" to exclude certain strike-prohibited public employees.

A BILL FOR AN ACT

Relating to employment classification of certain strike-prohibited employees; amending ORS 243.650.

Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 243.650 is amended to read:

243.650. As used in ORS 243.650 to 243.809, unless the context requires otherwise:

(1) "Appropriate bargaining unit" means the unit designated by the Employment Relations Board or voluntarily recognized by the public employer to be appropriate for collective bargaining. However, an appropriate bargaining unit may not include both academically licensed and unlicensed or nonacademically licensed school employees. Academically licensed units may include but are not limited to teachers, nurses, counselors, therapists, psychologists, child development specialists and similar positions. This limitation does not apply to any bargaining unit certified or recognized prior to June 6, 1995, or to any school district with fewer than 50 employees.

(2) "Board" means the Employment Relations Board.

(3) "Certification" means official recognition by the board that a labor organization is the exclusive representative for all of the employees in the appropriate bargaining unit.

NOTE: Matter in **boldfaced** type in an amended section is new; matter [*italic and bracketed*] is existing law to be omitted. New sections are in **boldfaced** type.

(4) "Collective bargaining" means the performance of the mutual obligation of a public employer and the representative of its employees to meet at reasonable times and confer in good faith with respect to employment relations for the purpose of negotiations concerning mandatory subjects of bargaining, to meet and confer in good faith in accordance with law with respect to any dispute concerning the interpretation or application of a collective bargaining agreement, and to execute written contracts incorporating agreements that have been reached on behalf of the public employer and the employees in the bargaining unit covered by such negotiations. The obligation to meet and negotiate does not compel either party to agree to a proposal or require the making of a concession. This subsection may not be construed to prohibit a public employer and a certified or recognized representative of its employees from discussing or executing written agreements regarding matters other than mandatory subjects of bargaining that are not prohibited by law as long as there is mutual agreement of the parties to discuss these matters, which are permissive subjects of bargaining.

(5) "Compulsory arbitration" means the procedure whereby parties involved in a labor dispute are required by law to submit their differences to a third party for a final and binding decision.

(6) "Confidential employee" means one who assists and acts in a confidential capacity to a person who formulates, determines and effectuates management policies in the area of collective bargaining.

(7)(a) "Employment relations" includes, but is not limited to, matters concerning direct or indirect monetary benefits, hours, vacations, sick leave, labor organization access to and communication with represented employees, grievance procedures and other conditions of employment.

(b) "Employment relations" does not include subjects determined to be permissive, nonmandatory subjects of bargaining by the Employment Relations Board prior to June 6, 1995.

(c) After June 6, 1995, "employment relations" does not include subjects that the Employment Relations Board determines to have a greater impact

on management's prerogative than on employee wages, hours, or other terms and conditions of employment.

(d) "Employment relations" does not include subjects that have an insubstantial or de minimis effect on public employee wages, hours, and other terms and conditions of employment.

(e) For school district bargaining:

(A) "Employment relations" includes class size and caseload limits in schools that qualify for assistance under Title I of the federal Elementary and Secondary Education Act of 1965.

(B) "Employment relations" excludes the school or educational calendar, standards of performance or criteria for evaluation of teachers, the school curriculum, reasonable dress, grooming and at-work personal conduct requirements respecting smoking, gum chewing and similar matters of personal conduct, the standards and procedures for student discipline, the time between student classes, the selection, agendas and decisions of 21st Century Schools Councils established under ORS 329.704, requirements for expressing milk under ORS 653.077, and any other subject proposed that is permissive under paragraphs (b), (c) and (d) of this subsection.

(f) For employee bargaining involving employees covered by ORS 243.736 and employees of the Department of Corrections who have direct contact with adults in custody, "employment relations" includes safety issues that have an impact on the on-the-job safety of the employees or staffing levels that have a significant impact on the on-the-job safety of the employees.

(g) For all other employee bargaining except school district bargaining and except as provided in paragraph (f) of this subsection, "employment relations" excludes staffing levels and safety issues (except those staffing levels and safety issues that have a direct and substantial effect on the on-the-job safety of public employees), scheduling of services provided to the public, determination of the minimum qualifications necessary for any position, criteria for evaluation or performance appraisal, assignment of duties, workload when the effect on duties is insubstantial, reasonable dress, grooming, and

at-work personal conduct requirements respecting smoking, gum chewing, and similar matters of personal conduct at work, and any other subject proposed that is permissive under paragraphs (b), (c) and (d) of this subsection.

(8) "Exclusive representative" means the labor organization that, as a result of certification by the board or recognition by the employer, has the right to be the collective bargaining agent of all employees in an appropriate bargaining unit.

(9) "Fact-finding" means identification of the major issues in a particular labor dispute by one or more impartial individuals who review the positions of the parties, resolve factual differences and make recommendations for settlement of the dispute.

(10) "Fair-share agreement" means an agreement between the public employer and the recognized or certified bargaining representative of public employees whereby employees who are not members of the employee organization are required to make an in-lieu-of-dues payment to an employee organization except as provided in ORS 243.666. Upon the filing with the board of a petition by 30 percent or more of the employees in an appropriate bargaining unit covered by such union security agreement declaring they desire that the agreement be rescinded, the board shall take a secret ballot of the employees in the unit and certify the results thereof to the recognized or certified bargaining representative and to the public employer. Unless a majority of the votes cast in an election favor the union security agreement, the board shall certify deauthorization of the agreement. A petition for deauthorization of a union security agreement must be filed not more than 90 calendar days after the collective bargaining agreement is executed. Only one such election may be conducted in any appropriate bargaining unit during the term of a collective bargaining agreement between a public employer and the recognized or certified bargaining representative.

(11) "Final offer" means the proposed contract language and cost summary submitted to the mediator within seven days of the declaration of impasse.

(12) "Labor dispute" means any controversy concerning employment relations or concerning the association or representation of persons in negotiating, fixing, maintaining, changing, or seeking to arrange terms or conditions of employment relations, regardless of whether the disputants stand in the proximate relation of employer and employee.

(16) "Managerial employee" means an employee of the State of Oregon or a public university listed in ORS 352.002 who possesses authority to formulate and carry out management decisions or who represents management's interest by taking or effectively recommending discretionary actions that control or implement employer policy, and who has discretion in the performance of these management responsibilities beyond the routine discharge of duties. A "managerial employee" need not act in a supervisory capacity in relation to other employees. Notwithstanding this subsection, "managerial employee" does not include faculty members at a community college, college or university.

(17) "Mediation" means assistance by an impartial third party in reconciling a labor dispute between the public employer and the exclusive representative regarding employment relations.

(18) "Payment-in-lieu-of-dues" means an assessment to defray the cost for services by the exclusive representative in negotiations and contract administration of all persons in an appropriate bargaining unit who are not members of the organization serving as exclusive representative of the employees.

The payment must be equivalent to regular union dues and assessments, if any, or must be an amount agreed upon by the public employer and the exclusive representative of the employees.

(19) "Public employee" means an employee of a public employer but does not include elected officials, persons appointed to serve on boards or commissions, incarcerated persons working under Article I, section 41, of the Oregon Constitution, or persons who are confidential employees, supervisory employees or managerial employees.

(20) "Public employer" means the State of Oregon, and the following political subdivisions: Cities, counties, community colleges, school districts, special districts, mass transit districts, metropolitan service districts, public service corporations or municipal corporations and public and quasi-public corporations.

(21) "Public employer representative" includes any individual or individuals specifically designated by the public employer to act in its interests in all matters dealing with employee representation, collective bargaining and related issues.

(22) "Strike" means a public employee's refusal in concerted action with others to report for duty, or his or her willful absence from his or her position, or his or her stoppage of work, or his or her absence in whole or in part from the full, faithful or proper performance of his or her duties of employment, for the purpose of inducing, influencing or coercing a change in the conditions, compensation, rights, privileges or obligations of public employment; however, nothing shall limit or impair the right of any public employee to lawfully express or communicate a complaint or opinion on any matter related to the conditions of employment.

(23)(a) "Supervisory employee" means any individual having authority in the interest of the employer to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward or discipline other employees, or responsibly to direct them, or to adjust their grievances, or effectively to recommend such action, if in connection therewith, the exercise of the authority is not

of a merely routine or clerical nature but requires the use of independent judgment. Failure to assert supervisory status in any Employment Relations Board proceeding or in negotiations for any collective bargaining agreement does not thereafter prevent assertion of supervisory status in any subsequent board proceeding or contract negotiation.

(b) "Supervisory employee" includes a faculty member of a public university listed in ORS 352.002 or the Oregon Health and Science University who:

(A) Is employed as a president, vice president, provost, vice provost, dean, associate dean, assistant dean, head or equivalent position; or

Nothing in this section affects the authority of the department to consent to physical examinations of the child at other times.

(2) For purposes of subsection (1) of this section, the notice must comply with the following:

(a) It must be in writing under oath;

(b) It must be given to the community mental health program director or a designee of the director in the county where the person alleged to have a mental illness resides;

(c) It must state that a person within the county other than the person giving the notice is a person with mental illness and is in need of treatment, care or custody;

(d) If the commitment proceeding is initiated by two persons under subsection (1)(a) of this section, it may include a request that the court notify the two persons:

(A) Of the issuance or nonissuance of a warrant under this section; or

(B) Of the court's determination under ORS 426.130 [*(1)*]; and

(e) If the notice contains a request under paragraph (d) of this subsection, it must also include the addresses of the two persons making the request.

(3) Upon receipt of a notice under subsections (1) and (2) of this section or when notified by a circuit court that the court received notice under ORS 426.234, the community mental health program director, or designee of the director, shall:

(a) Immediately notify the judge of the court having jurisdiction for that county under ORS 426.060 of the notification described in subsections (1) and (2) of this section.

(b) Immediately notify the Oregon Health Authority if commitment is proposed because the person appears to be a person with mental illness, as defined in ORS 426.005 [*(1)(f)(C)*] **(1)(g)(C)**. When such notice is received, the authority may verify, to the extent known by the authority, whether or not the person meets the criteria described in ORS 426.005 [*(1)(f)(C)(i)*] **(1)(g)(C)(i)** and (ii) and so inform the community mental health program director or designee of the director.

(c) Initiate an investigation under ORS 426.074 to determine whether there is probable cause to believe that the person is in fact a person with mental illness.

(4) Upon completion, a recommendation based upon the investigation report under ORS 426.074 shall be promptly submitted to the court. If the community mental health program director determines that probable cause does not exist to believe that a person released from detention under ORS 426.234 (2)(c) or (3)(b) is a person with mental illness, the community mental health program director may recommend assisted outpatient treatment in accordance with ORS 426.133.

(5) When the court receives notice under subsection (3) of this section:

(a) If the court, following the investigation, concludes that there is probable cause to believe that the person investigated is a person with mental illness, it shall, through the issuance of a citation as provided in ORS 426.090, cause the person to be brought before it at a time and place as it may direct, for a hearing under ORS 426.095 to determine whether the person is a person with mental illness. The person shall be given the opportunity to appear voluntarily at the hearing unless the person fails to appear or unless the person is detained pursuant to paragraph (b) of this subsection.

(b)(A) If the court finds that there is probable cause to believe that failure to take the person into custody pending the investigation or hearing would pose serious harm or danger to the person or to others, the court may issue a warrant of detention to the community mental health program director or designee or the sheriff of the county or designee directing the director, sheriff or a designee to take the person alleged to have a mental illness into custody and produce the person at the time and place stated in the warrant.

(B) At the time the person is taken into custody, the person shall be informed by the community mental health program director, the sheriff or a designee of the following:

(i) The person's rights with regard to representation by or appointment of counsel as described in ORS 426.100;

(iii) The person's right, if the community mental health program director,

sheriff or designee reasonably suspects that the person is a foreign national, to communicate with an official from the consulate of the person's country. A community mental health program director, sheriff or designee is not civilly or criminally liable for failure to provide the information required by this sub-subparagraph. Failure to provide the information required by this sub-subparagraph does not in itself constitute grounds for the exclusion of evidence that would otherwise be admissible in a proceeding.

(C) The court may make any orders for the care and custody of the person prior to the hearing as it considers necessary.

(c) If the notice includes a request under subsection (2)(d)(A) of this section, the court shall notify the two persons of the issuance or nonissuance of a warrant under this subsection.

SECTION 4. ORS 426.074 is amended to read:

426.074. The following is applicable to an investigation initiated by a community mental health program director, or a designee of the director, as part of commitment procedures under ORS 426.070 and 426.228 to 426.235:

(a) The investigation conducted should, where appropriate, include an interview or examination of the person alleged to have a mental illness in the home of the person or other place familiar to the person.

(b) Whether or not the person consents, the investigation should include interviews with any individuals that the investigator has probable cause to believe have pertinent information regarding the investigation. If the person objects to the contact with any individual, the objection shall be noted in the investigator's report.

(c) The investigator shall be allowed access to licensed independent practitioners, nurses or social workers and to medical records compiled during the current involuntary prehearing period of detention to determine probable cause and to develop alternatives to commitment. If commitment is proposed because the person appears to be a person with mental illness as defined in ORS 426.005 [*(1)(f)(C)*] **(1)(g)(C)**, the investigator shall be allowed access to medical records necessary to verify the existence of criteria described in ORS 426.005 [*(1)(f)(C)*] **(1)(g)(C)**. The investigator shall include pertinent parts of the medical record in the investigation report. (3) A copy of the investigation report shall be provided as soon as possible, but in no event later than 24 hours prior to the hearing, to the person

and to the person's counsel. Copies shall likewise be provided to counsel assisting the court, to the examiners and to the court for use in questioning witnesses.

426.133. (1) As used in ORS 426.005 to 426.390, "assisted outpatient treatment" may not be construed to be a commitment under ORS 426.130 and does not include taking a person into custody or the forced medication of a person.

(A) Is incapable of surviving safely in the community without treatment; and

(B) Requires treatment to prevent a deterioration in the person's condition that will predictably result in the person becoming a person with mental illness.

(3) In determining whether to issue the order under subsection (2) of this section, the court shall consider, but is not limited to considering, the following factors:

(a) The person's ability to access finances in order to get food or medicine.

(b) The person's ability to obtain treatment for the person's medical condition.

(c) The person's ability to access necessary resources in the community without assistance.

(6) If the hospital or nonhospital facility admits the individual, the director or a licensed independent practitioner shall notify the community mental health program director for the area and the circuit court with jurisdiction in the area where the facility is located. If the licensed independent practitioner finds the person to be in need of immediate care or treatment for mental illness, and the authority grants approval, the person shall be voluntarily admitted.

SECTION 9. ORS 426.228 is amended to read:

426.228. (1) A peace officer may take into custody a person who the officer has probable cause to believe is dangerous to self or [*to any other person*] **others** and is in need of immediate care, custody or treatment for mental illness. As directed by the community mental health program director, a peace officer shall remove a person taken into custody under this section to the nearest hospital or nonhospital facility approved by the Oregon Health Authority. (2) A peace officer shall take a person into custody when the community mental health program director, pursuant to ORS 426.233, notifies the peace officer that the director has probable cause to believe that the person is imminently dangerous to self or [*to any other person*] **others**. As directed by the community mental health program director, the peace officer shall remove the person to a hospital or nonhospital facility approved by the authority. The community mental health program director shall prepare a written report that the peace officer shall deliver to the licensed independent practitioner who is treating the person. The licensed independent practitioner shall have personally examined the person within 24 hours prior to signing the certificate.

(4) When a peace officer or other authorized individual, acting under this section, delivers a person to a hospital or nonhospital facility, a licensed independent practitioner shall examine the person immediately. If the person is to be released from custody, the peace officer or the community mental health program director shall return the person to the place where the person was taken into custody unless the person declines that service.

The individual transferring custody may meet another authorized individual or a peace officer at any location that is in accordance with ORS 426.140 to effect the transfer.

(9)(a) When a peace officer takes a person into custody under this section, and the peace officer reasonably suspects that the person is a foreign national, the peace officer shall inform the person of the person's right to communicate with an official from the consulate of the person's country.

(b) A peace officer is not civilly or criminally liable for failure to provide the information required by this subsection. Failure to provide the information required by this subsection does not in itself constitute grounds for the exclusion of evidence that would otherwise be admissible in a proceeding.

SECTION 10. ORS 426.231 is amended to read:

426.231. (1) A licensed independent practitioner may hold a person for transportation to a treatment facility for up to 12 hours in a health care facility licensed under ORS chapter 441 and approved by the Oregon Health Authority if:

(a) Detain the person and cause the person to be admitted or, if the person is already admitted, cause the person to be retained in a hospital where the licensed independent practitioner has admitting privileges or is on staff.

(b) Approve the person for emergency care or treatment at a nonhospital facility approved by the authority.

(2) When approving a person for emergency care or treatment at a nonhospital facility under this section, the licensed independent practitioner shall notify immediately the community mental health program director in the county where the person was taken into custody and maintain the person, if the person is being held at a hospital, for as long as is feasible given

the needs of the person for mental or physical health or safety. However, under no circumstances may the person be held for longer than five judicial days.

SECTION 12. ORS 426.233 is amended to read:

426.233. (1)(a) A community mental health program director operating under ORS 430.610 to 430.695 or a designee of the director may take one of the actions listed in paragraph (b) of this subsection when the community mental health program director or designee has probable cause to believe a person:

(A) Is dangerous to self or [*to any other person*] **others** and is in need of immediate care, custody or treatment for mental illness; or

(B)(i) Is a person with mental illness placed on conditional release under ORS 426.125, outpatient commitment under ORS 426.127 or trial visit under ORS 426.273; and

(b) The community mental health program director or designee under the circumstances set out in paragraph (a) of this subsection may:

(A) Notify a peace officer to take the person into custody and direct the officer to remove the person to a hospital or nonhospital facility approved by the Oregon Health Authority;

(B) Authorize involuntary admission of, or, if already admitted, cause to be involuntarily retained in a nonhospital facility approved by the authority, a person approved for care or treatment at a nonhospital facility by a licensed independent practitioner under ORS 426.232;

(D) Direct an individual authorized under subsection (3) of this section to transport a person in custody from a hospital or a nonhospital facility approved by the authority to another hospital or nonhospital facility approved by the authority as provided under ORS 426.235; or

(2) A designee under subsection (1) of this section must meet the standards established by rule of the authority and be approved by the community mental health program director before assuming the authority permitted under subsection (1) of this section.

(3) The community mental health program director may authorize any individual to provide custody and secure transportation services for a person in custody under ORS 426.228. In authorizing an individual under this subsection, the community mental health program director shall grant the individual the authority to do the following:

(4) An individual authorized under subsection (3) of this section must

(5) The costs of transporting a person under ORS 426.060, 426.228 or 426.235 by an individual authorized under subsection (3) of this section shall be the responsibility of the community mental health program in the county in which the authorized individual is directed by a peace officer or a community mental health program director to take custody of a person and to transport the person to a facility approved by the authority, but the community mental health program shall not be responsible for costs that exceed the amount provided by the state for that transportation. An individual authorized to act under subsection (3) of this section shall charge the cost of emergency medical transportation to, and collect that cost from, the person, third party payers or other legally or financially responsible individuals or entities in the same manner that costs for the transportation of other persons are charged and collected.

SECTION 13. ORS 426.234 is amended to read:

426.234. (1) At the time a person alleged to have a mental illness is admitted to or retained in a hospital or nonhospital facility under ORS 426.232 or 426.233, a licensed independent practitioner, nurse or qualified mental health professional at the hospital or nonhospital facility shall:

(e) If the licensed independent practitioner, nurse or qualified mental health professional reasonably suspects that the person is a foreign national, inform the person of the person's right to communicate with an official from the consulate of the person's country. A licensed independent practitioner,

nurse or qualified mental health professional is not civilly or criminally liable for failure to provide the information required by this paragraph. Failure to provide the information required by this paragraph does not in itself constitute grounds for the exclusion of evidence that would otherwise be admissible in a proceeding.

(2)(a) At the time the person is admitted to or retained in a hospital under ORS 426.232, the licensed independent practitioner shall contact the community mental health program director of the county in which the person resides, if the county of residence is different from the county in which the hospital is located. The community mental health program director may request that the licensed independent practitioner notify the circuit court in the county in which the person resides. If the community mental health program director does not make the request, the licensed independent practitioner shall notify, immediately and in writing, the circuit court in the county in which the person is hospitalized.

(b) At the time the person is admitted to a hospital under ORS 426.232 after being brought to the hospital by a peace officer under ORS 426.228, the licensed independent practitioner shall contact the community mental health program director of the county in which the person is hospitalized. The community mental health program director of the county in which the person is hospitalized may request that the licensed independent practitioner notify the circuit court in the county in which the person is hospitalized. If the community mental health program director does not make the request, the licensed independent practitioner shall notify, immediately and in writing, the circuit court in the county in which the person was taken into custody.

(c) If, at any time prior to the hearing under ORS 426.070 to 426.130, the licensed independent practitioner responsible for a person admitted or retained under ORS 426.232 determines that the person is not dangerous to self or [*to any other person*] **others** and is not in need of emergency care or treatment for mental illness, the licensed independent practitioner may release the person from the detention authorized by ORS 426.232. The licensed

independent practitioner shall immediately notify the circuit court notified under this subsection and the community mental health program director of the person's release from detention.

(3)(a) At the time the person is admitted to or retained in a nonhospital facility under ORS 426.233, the community mental health program director in the county where the person was taken into custody shall contact the community mental health program director of the county in which the person resides, if the county of residence is different from the county in which the person was taken into custody. The community mental health program director of the county in which the person resides may request that the community mental health program director of the county in which the person was taken into custody notify the circuit court in the county where the person resides. Otherwise, the community mental health program director of the county in which the person was taken into custody shall notify, immediately and in writing, the circuit court in the county in which the person was taken into custody.

(b) If, at any time prior to the hearing under ORS 426.070 to 426.130, a community mental health program director, after consultation with a licensed independent practitioner, determines that a person admitted or retained under ORS 426.233 is not dangerous to self or [*to any other person*] **others** and is not in need of immediate care, custody or treatment for mental illness, the community mental health program director may release the person from detention. The community mental health program director shall immediately notify the circuit court originally notified under paragraph (a) of this subsection of the person's release from detention.

(4) When the judge of the circuit court receives notice under subsection (2) or (3) of this section, the judge immediately shall commence proceedings under ORS 426.070 to 426.130. In a county having a population of 100,000 or more, and when feasible in a county with a lesser population, the community mental health program director or designee who directs the peace officer or other authorized individual to take a person into custody under ORS 426.233

shall not also conduct the investigation as provided for under ORS 426.074. Except when a person is being held under ORS 426.237 (1)(b), a person shall not be held under ORS 426.232 or 426.233 for more than five judicial days without a hearing being held under ORS 426.070 to 426.130.

(5) When the judge of the circuit court receives notice under subsection (2)(c) or (3)(b) of this section that a person has been released, and unless the court receives the recommendation required by ORS 426.070 (4), the judge shall dismiss the case no later than 14 days after the date the person was initially detained.

SECTION 14. ORS 430.399 is amended to read:

430.399. (1) Any person who is intoxicated or under the influence of controlled substances in a public place may be sent home or taken to a sobering facility or to a treatment facility by a police officer. If the person is incapacitated, the person shall be taken by the police officer to an appropriate treatment facility or sobering facility. If the health of the person appears to be in immediate danger, or the police officer has reasonable cause to believe the person is dangerous to self or [*to any other person*] **others, as defined in ORS 426.005**, the person shall be taken by the police officer to an appropriate treatment facility or sobering facility. A person shall be deemed incapacitated when in the opinion of the police officer the person is unable to make a rational decision as to acceptance of assistance.

(2) When a person is taken to a treatment facility, the director of the treatment facility shall determine whether the person shall be admitted as a patient, referred to another treatment facility or a sobering facility or denied referral or admission. If the person is incapacitated or the health of the person appears to be in immediate danger, or if the director has reasonable cause to believe the person is dangerous to self or [*to any other person*] **others, as defined in ORS 426.005**, the person must be admitted. The person shall be discharged within 48 hours unless the person has applied for voluntary admission to the treatment facility.

(3) When a person is taken to a sobering facility, the staff of the sobering

facility shall, consistent with the facility's comprehensive written policies and procedures, determine whether or not the person shall be admitted into the sobering facility. A person who is admitted shall be discharged from the sobering facility within 24 hours.

(4) In the absence of any appropriate treatment facility or sobering facility, or if a sobering facility determines that a person should not be admitted to the sobering facility, an intoxicated person or a person under the influence of controlled substances who would otherwise be taken by the police officer to a treatment facility or sobering facility may be taken to the city or county jail where the person may be held until no longer intoxicated, under the influence of controlled substances or incapacitated.

(5) An intoxicated person or person under the influence of controlled substances, when taken into custody by the police officer for a criminal offense, shall immediately be taken to the nearest appropriate treatment facility when the condition of the person requires emergency medical treatment.

(6) The records of a person at a treatment facility or sobering facility may not, without the person's consent, be revealed to any person other than the director and staff of the treatment facility or sobering facility. A person's request that no disclosure be made of admission to a treatment facility or sobering facility shall be honored unless the person is incapacitated or disclosure of admission is required by ORS 430.397.

SECTION 15. ORS 163.738 is amended to read:

163.738. (1)(a) A citation shall notify the respondent of a circuit court hearing where the respondent shall appear at the place and time set forth in the citation. The citation shall contain:

(C) A copy of the stalking complaint;

(D) The date, time and place at which the citation was issued;

(E) The name of the law enforcement officer who issued the citation;

(F) The time, date and place at which the respondent is to appear in court;

(G) Notice to the respondent that failure to appear at the time, date and place set forth in the citation shall result in the respondent's arrest and entry of a court's stalking protective order; and

(H) Notice to the respondent of potential liability under federal law for the possession or purchase of firearms or firearm ammunition and for other acts prohibited by 18 U.S.C. 2261 to 2262.

(b) The officer shall notify the petitioner in writing of the place and time set for the hearing.

(2)(a) The hearing shall be held as indicated in the citation. At the hearing, the petitioner may appear in person or by telephonic appearance. The respondent shall be given the opportunity to show cause why a court's stalking protective order should not be entered. The hearing may be continued for up to 30 days. The court may enter:

(A) A temporary stalking protective order pending further proceedings; or

(B) A court's stalking protective order if the court finds by a preponderance of the evidence that:

(i) The person intentionally, knowingly or recklessly engages in repeated and unwanted contact with the other person or a member of that person's immediate family or household thereby alarming or coercing the other person;

(ii) It is objectively reasonable for a person in the victim's situation to have been alarmed or coerced by the contact; and

(iii) The repeated and unwanted contact causes the victim reasonable apprehension regarding the personal safety of the victim or a member of the victim's immediate family or household.

(b) In the order, the court shall specify the conduct from which the respondent is to refrain, which may include all contact listed in ORS 163.730 and any attempt to make contact listed in ORS 163.730. The order is of un-

limited duration unless limited by law. If the respondent was provided notice and an opportunity to be heard, the court shall also include in the order, when appropriate, terms and findings sufficient under 18 U.S.C. 922 (d)(8) and (g)(8) to affect the respondent's ability to possess firearms and ammunition or engage in activities involving firearms.

(3) The circuit court may enter an order under this section against a minor respondent without appointment of a guardian ad litem.

(4) If the respondent fails to appear at the time, date and place specified in the citation, the circuit court shall issue a warrant of arrest as provided in ORS 133.110 in order to ensure the appearance of the respondent at court and shall enter a court's stalking protective order.

(5) The circuit court may also order the respondent to undergo mental health evaluation and, if indicated by the evaluation, treatment. If the respondent is without sufficient resources to obtain the evaluation or treatment, or both, the court shall refer the respondent to the mental health agency designated by the community mental health director for evaluation or treatment, or both.

(6) If the circuit court, the mental health evaluator or any other persons have probable cause to believe that the respondent is dangerous to self or others**, as defined in ORS 426.005,** or is unable to provide for basic personal needs, the court shall initiate commitment procedures as provided in ORS 426.070 or 426.180.

(7) A law enforcement officer shall report the results of any investigation arising from a complaint under ORS 163.744 to the district attorney within three days after presentation of the complaint.

(8) Except for purposes of impeachment, a statement made by the respondent at a hearing under this section may not be used as evidence in a prosecution for stalking as defined in ORS 163.732 or for violating a court's stalking protective order as defined in ORS 163.750.

(5) The commission may suspend or revoke a permit **or temporary permit** issued under ORS 475C.273 to an individual rather than suspend or revoke a license issued under ORS 475C.005 to 475C.525 or 475C.548 if the commission determines that permit suspension or revocation is more appropriate.

LEADERSHIP FORUM

MEMO

Good morning OLELF Members,

Look forward to seeing you all in the morning. Attached is the agenda, a bill tracking report by subject and a scheduled hearings report. It's hard to believe that the Second Chamber Deadlines are quickly approaching. May 5th deadline for measures to be scheduled for a Work Session and May 19th to move bills out of committee (for bills in committees subject to the deadline). The next Revenue Forecast is scheduled for May 17th. This is the forecast Ways and Means uses to base the next biennial budget on.

Thank you for your continued commitment to this weekly meeting and to the partnership that makes us more effective together!

Best,

Kevin

I'm including a few notes and follow up materials based on our Friday conversation. I appreciated everyone's participation and your commitment to moving forward together in partnership. As you know, there are several important meetings scheduled for this coming week. We are expecting the Joint Committee on Addiction and Community Safety Response to release a framework of their reform proposal for the 2024 Session package on Tuesday. Also on Tuesday, a group of diverse stakeholders, including several of us, have been invited to participate in an all-day meeting to review public safety measures that will be considered during the 2024 Session.
