Re: Petition for Public Records Disclosure Order
Oregon Dungeness Crab Association Records
DOJ File No. 645001-GA0088-12

Dear Mr. Henley,

This letter is the Attorney General's order in response to your petition asking our office to order the Oregon Dungeness Crab Association (Association) to disclose to you "current opportunities and their qualification requirements." You state that you requested that information from the Association on March 3, 2012. We received your petition on November 29, 2012.

We conferred with staff of the Association and the Oregon Department of Agriculture. They informed us that they had no record of receiving such a request from you in March of 2012. They also provided us with a copy of a letter sent to you by the Association on December 4, 2012, stating that there are no current openings at the Dungeness Crab Association. Like the Association, we think it is likely that you are seeking information about current job opportunities, as that information would seem to be more useful than information about opportunities that may have existed eight months ago. Certainly if you prefer to request dated information about job opportunities, you are free to contact the Commission to let them know.

We respectfully deny your petition because it does not appear that the Commission ever received your March 3 request, and because in any event the Association has now provided you with information about current opportunities and their qualification requirements.

Sincerely,

Mary H. Williams
Deputy Attorney General
