Re: Petition for Public records Disclosure Order
Oregon Department of Human Services
DOJ File No. 100301-GA0128-13

Dear Mr. Brown

This letter is the Attorney General's order in response to your petition asking our office to direct the Oregon Health Authority to disclose certain public records to you. From your petition, we understand that you are asking our office to order OHA to disclose to you public records that you requested in April of 2013. We addressed the same request in a Public Records Order dated June 3, 2013. In that order, we indicated that OHA had offered to make the records available to you contingent on your payment of the associated fees. Following your most recent petition, we learned from OHA that you never paid the fees associated with your request. OHA is entitled to charge fees reasonably calculated to recoup the cost of making public records available. ORS 192.440(4). Given that you have not paid the fees associated with your request, OHA is not required to provide you with the responsive records. Your petition is respectfully denied for that reason.

Sincerely,

Mary H Williams
