Re: Petition for Public Records Disclosure Order
Oregon Board of Parole and Post-Prison Supervision
DOJ File No. 255001-GA0037-13

Dear Mr. Rivas,

This letter is the Attorney General's order in response to your petition asking our office to direct the Oregon Board of Parole and Post-Prison Supervision (the Board) to disclose certain records to you. Your petition recites that the Board had denied your request citing regulations of the Oregon Department of Corrections (ODOC) that would prohibit you from possessing the requested documents while incarcerated. Your petition argued that the Board could comply with the request in various manners without running afoul of the relevant ODOC regulations.

Following your petition, Kristen Winges-Yanez, the Board chairperson, sent you a letter informing you that the Board was rescinding its previous denial. Ms. Winges-Yanez stated that, in light of alternative mechanisms of providing the requested records consistent with ODOC regulations, the Board was willing to disclose the requested records to you provided that you pay the fee associated with your request.

In light of Ms. Winges-Yanez's letter to you, we respectfully deny your petition as moot.

Sincerely,

MARY H. WILLIAMS
Deputy Attorney General
