Re: Petition for Public Records Disclosure Order
Oregon Commission for the Blind (Business Enterprise Program)
DOJ File. No.: 585001-GA0027-12

Dear Mr. Hauth:

On January 27, 2012, you sent an email to Art Marshall, the Director of the Business Enterprise Program of the Oregon Commission for the Blind, asking for certain records. Apparently, the director did not respond to your email, and you sent a follow-up email on February 13, 2012. After receiving no response to that, you petitioned our office for review on March 21, 2012.

Our office has learned that, since you filed your petition, the agency's public records coordinator, Leslie Jones, has received your email request. On March 27, 2012, Ms. Jones sent you an email informing you of the costs of your requested records, and that the agency would complete your request after receiving payment. The same day, you responded to Ms. Jones, telling her that you would be sending a money order for the records on March 28.

In light of the recent correspondence between you and Ms. Jones, it appears that the agency is complying with your public-records request, and that your petition is moot.

Sincerely,

MARY H. WILLIAMS
Deputy Attorney General
