SUBJECT	**RE: Public Records Request - still processing.**

Good afternoon, Robert,

I am following up on your October 31, 2026, request for the following information:

* All communications sent to or received from Oregon State Police Government and Media Relations contacts (Captain Kyle Kennedy and OSP Public Information Officer) that contain the terms "threat assessment," "situational awareness," "welfare check," "knock and talk," or "grievance" from January 1, 2023, through the date of the search.
* Requested records include emails, Microsoft Teams messages, text messages, voicemail messages, attachments, and replies. All records documenting the searches conducted to locate responsive records, including search queries, parameters, accounts and locations searched, date ranges, result counts, and any related reports or exports.
* The request excludes records concerning the requester.

We are still processing the initial request. I have sent the request over to IT to scope the work so we can appropriately consider the fee waiver. OCE is a self-sustaining semi-independent state agency, we do not receive general fund allocations, and we do not utilize the same systems as DAS.

I have reached out to IT for an update on the estimate on the scope of work. I will update you as soon as I know more. As a note, our offices are closed tomorrow for Veteran’s day.

Thank you,

[OCE Staff]
Communications & Contracts Manager
