SUBJECT	**RE: OSFM Public Records Request PRR4414**
ATTACHED	image.png, image (1).png

Good morning,
A review of your request has resulted in the following determination(s):

* The records responsive to your request are attached.
* The records the Oregon State Fire Marshal is releasing have been reviewed for exempt material, and it has been determined that they do not contain information protected by statute or exempt from disclosure.
* No fee applies to this request.
* Search criteria and results are also specified below:

Query: (("situational awareness") (c:s) ("welfare check") (c:s) ("knock and talk") (c:s) ("grievance") (c:s) ("threat assessment")) (c:c) (Date>2022-12-31) AND (Participants:osfm.oregon.gov) AND (((Recipients:osppio@osp.oregon.gov) OR (Recipients:kyle.kennedy@osp.oregon.gov)))
Resulted in 26 Teams messages that did not meet the criteria of communications from OSFM
Zero relevant results

Query: (("situational awareness") (c:s) ("welfare check") (c:s) ("knock and talk") (c:s) ("grievance") (c:s) ("threat assessment")) (c:c) (Date>2022-12-31) AND (Participants:osfm.oregon.gov) AND (((From:kyle.kennedy@osp.oregon.gov) OR (From:osppio@osp.oregon.gov)))
Zero relevant results

Please note that the search covered all current and former OSFM accounts. Due to limitations in Microsoft Purview's search parameters, the searches could not be narrowed to exactly match the criteria provided in the records request.

As a result, 26 Teams messages were identified that, upon individual review, did not meet the requested criteria. Specifically, the communications were not sent from an OSFM. Instead, OSFM was an ancillary recipient ("participant") in communications sent to multiple accounts, such as notifications distributed to personnel at multiple state agencies regarding news releases.

Because these records did not meet the criteria specified in the request, they have not been disseminated.

We have completed our processing of this request and consider it closed. Thank you for contacting the Oregon State Fire Marshal.

Respectfully,
