SUBJECT	**RE: Public Records Request**

Dear Mr. White,

Thank you for your patience with this process. I'd like to give you an update regarding your request.

The waiver is still under consideration. I should be able to provide you with the waiver approval or denial when I provide you with the time/cost estimate.

Your request is unusual because it asks for emails in native electronic format with meta data intact. I have only worked on one other request for this type of information, and I wasn't involved in the process for preserving meta data while performing standard redactions. I need guidance to create an estimate and fulfill the request, but unfortunately due to staffing outages, it looks like there is no one at the agency to help me with this until the week of November 23rd.

I wanted you to know that your request has not been forgotten and I will be contacting you with more information in the early part of that week. I do appreciate your patience. If you have any questions, please let me know.

Respectfully,

[CCB Staff]
Communications and Education Manager
