Mr. White, this is the email from DAS EIS after doing the public records search that you request. As you can see, no records were found after they conducted their search.

Shelley,

Your search regarding OBO/OSP Communication is complete. I've tried running your search several different ways, including more expansive ways to approach it, and I couldn't find any results. There appears to be no communication between either of these two OSP emails and any email in your organization during the period indicated that used any of these terms.

Thank you.
