SUBJECT	**RE: Public Records Request**
ATTACHED	Summary-2026-11-06_22-42-19.csv

Mr. White,

Other health related licensing boards who received your request performed a records search on November 6, 2026 using Microsoft Purview eDiscovery; our boards contract with the same IT service provider. OMCB was included in the records search. No responsive records were identified. I am attaching the search report; the report provides the search query, search scope, search parameters, execution date, and results. Based on the search results, OMCB has no responsive records to produce.

Best,

Aaron Cowell
Interim Executive Director
