SUBJECT	**RE: House Bill 3793 and the Attorney General's public records orders**

Hi Robert,

Thanks for writing to me with your recommendations. Firstly, may I confirm that you are a resident of Toledo or are you contacting me because of my past bill?

You are correct that HB 3793 (2025) did not pass out of committee. I have not requested a similar bill this session given other legislative priorities like transportation, health care and education, and it is already past the deadline to file for the 2027 session.

While I support some of your suggestions, moving them is going to take an organized and sustained effort. Your idea to work with Oregon Sunshine Committee is the right path for now.

Let's see what their input is. Please keep me in the loop.

Regards,
David
