MASSEY Ashley * BOAT <Ashley.MASSEY@boat.oregon.gov> 5/15/2026 3:04 PM

Good morning Comms friends! I'm unable to joint today, but have a few items to report out:

1. Today is "Wear It at Work Day," a national social media campaign advocating life jacket wear, to cast-off National Safe Boating Week (May 16-22). Each day we'll be sharing pictures of staff and partners on the water boating and wearing life jackets.
2. Issued a news release yesterday announcing a public hearing on proposed rules for the Siletz River in Lincoln County.
3. Next week, we'll be distributing our traditional Memorial Day Weekend boating safety news release with tips for both motorized and non-motorized boaters to help plan their seasonal boating excursions -with specific boat operation in mind: lowering water conditions/hazards, checking water and ramp elevation levels, situational awareness, sobriety, lookouts, and required equipment.
