Re: Petition for Public Records Disclosure Order
Oregon Department of Corrections
DOJ File No.: 291200-GA0189-23

Dear Mr. Rust:

This letter is the Attorney General's response to your petition for disclosure under the Oregon Public Records Law, ORS 192.311 to 192.478. Your petition asks the Attorney General to order the Oregon Department of Corrections (ODOC) to disclose the machine addresses or numbers, and associated internet protocol addresses, of any computers that connected to a particular law library computer during a particular timeframe. Your petition explains your belief that while you were using the computer, personal legal materials contained on a connected USB drive were "remotely opened, viewed, and accessed."

In response to your petition, ODOC informed us that according to its logs, the computer you used was not remotely accessed by another device during the timeframe you specified. Accordingly, ODOC explained, it does not possess any responsive records. And because we cannot order ODOC to disclose a record that does not exist, we must respectfully deny your petition.

Sincerely,

Lisa M. Udland
