SUBJECT	**Re: Public Records Request**

Thank you for your email. My apologies for the shortened response. We are a small office and do not get many public records requests.

All staff members have now performed a search on the two email addresses you provided in your email and those search results are attached. Apart from the emails pertaining to your request, there is one email exchange with [Oregon Film Staff] in our office from 2021 which is outside of your search window and an email I sent in 2024 that was about filming permission (and was never responded to) and does not contain any of your listed terms. I have included a copy of the email anyway.

I hope this helps.

It is not relevant how many staff you have or that you know you have not contacted Oregon State Police. What is relevant is providing the public records I requested. You have not stated that you searched those four mailboxes. You have not provided a receipt of the search. Both are requested in my public records request. Until you fulfill the obligations of the statute, I must continue to insist you do so.
