Hi there.

I'm the Exec Director of Oregon Film, a state agency overseeing the econ development for the film and media industry here in the state. We have a project that is doing some production work on 99E outside of Tigard next Weds and we need some help finding officer support for their work. They would pay them directly but need to know where to find available and interested people for a state highway.

Can someone please give me a call on the number below? Because the production date is next week there is some urgency.

Thank you!
