SUBJECT	**Re: Public Records Request**

Hi. Please consider them formally closed. You will receive an additional email from my system when I close them out there, but please don't feel obligated to work on them in the meantime. I very much appreciate you and I will make a note of these offices so you are not included on future questions posed to the state where you are not directly involved. I will do the same for the offices [OAC Staff] responded to.

Kind Regards,

Robert Samuel White
