SUBJECT	**RE: Records Request Received 10/27/2026 - Robert Samuel White**

Hello Robert Samuel White,

Though your first request was simple, there were several other in-progress Public Records Requests in the queue. As a department of one in a job rotation and training, I am working as fast as I can to provide responses in between trainings and other priority tasks. Yes, some things have fallen through the cracks, and I take full responsibility, which is why I am copying my manager on this email. Microsoft Purview can also take quite some time to run agency-wide queries.

The search was performed on November 3, 2026 used the following parameters to search all email accounts of present and former DSL staff:

The above screenshot in SQL is written as (("threat assessment") (c:s) ("situational awareness") (c:s) ("knock and talk") (c:s) (grievance) (c:s) ("welfare check")) (c:c) (Date>2023-01-01) AND (((Participants:kyle.kennedy@osp.oregon.gov) OR (Participants:osppio@osp.oregon.gov)))

The results were downloaded on November 4, 2026, and contained no records responsive to your request:
