Good morning,

Please see the following regarding your request:

1. The time to complete this request was 30 minutes, which falls under the statutory fee waiver for all public records requests as outlined in DAS Policy No: 107-001-030 PO<https://www.oregon.gov/das/Policies/107-001-030.pdf>. Therefore, there is no need to continue with the fee waiver process as no fees will be assessed.

1. Upon a search of all OWRD email addresses and Teams Messages, a total of three unique Teams Messages (and six duplicates) were found that match your search criteria. These were captured from weekly meetings between numerous state agencies (which included one of the referenced email addresses) and matched one of your keywords "situational awareness". These three messages are attached.

1. Four reports generated for this search are also attached showing a summary of the search, the settings used, the locations searched, and information about the items found.

As all responsive records have been found, this concludes your public records request PRR 260377.
