SUBJECT	**RE: I need a set of Comms eyes, please FW: Public Records Request**

Thanks, Alyssa!

My eDiscovery search using the parameters outlined in the request only returned a handful of Teams messages from two or three meetings.

The query used -

Search: All DSL email accounts (current and former)

Keywords: "threat assessment" OR "situational awareness" OR "welfare check" OR "grievance"

Participants: "kyle.kennedy@osp.oregon.gov" OR "osppio@osp.oregon.gov"

Date: 2023-01-01 or later

The ask to only return results to:, from:, or including the two provided OSP accounts is probably why so little was found, but the requestor did specify that he is only looking for emails to, from, or including the mentioned parties. I will respond to and close the request, since no relevant records exist. If I receive a modified request, I will reach out to you.
