Good afternoon, Mr. White,

The OLCC did not find any responsive records to your request for communications to or from kyle.kennedy@osp.oregon.gov or osppio@osp.oregon.gov.

Attached are copies of the request for E-discovery, and the summary reports of the results. Teams messages reviewed did not reveal responsive communications. The Teams Message results contained messages from a Weekly Agency Communications Call that occurs between multiple state agencies, but neither kyle.kennedy@osp.oregon.gov or osppio@osp.oregon.gov were participants.

This completes our response to your public records request.

Thank you,

[OLCC Staff], OPMA
Records Officer & Public Records Coordinator
