SUBJECT **RE: Public Records Request**

Good afternoon,

Thank you for sending your request via email as we have not received a request through our portal, GovQa, with that reference number. We prefer all public records requests go through GovQa. To confirm and make sure we are not having tech issues, is the following link where you created an account and submitted the request?

https://oregondva.govqa.us/WEBAPP/_rs/

If its not, would you please follow the link and submit your request via GovQa. If it is, please let me know.

Thank you,
