Good morning, Mr. White:

I wanted to confirm that we've received your records request. I've requested a query of ODF's emails within the state system, specifically those to or from either [email] or [email] between Jan. 1, 2023 and Oct. 27, 2026 (the date of your request).

Determination of whether there will be any associated fees will be dependent upon the volume of records produced by that search. These searches typically take 7-10 days to complete. As soon as I receive the results, I'll reconnect with an update on fees, if any, and an estimated date for completing your request.

Thank you.
